UPPER BASIN'S STAND FRAMED

Three States Agree on Dam
Project Demands

Letter Will be Sent to All
Congress Members

Amendments to Swing Bill
Also Drawn Up

DENVER, Nov. 21. (AP)—Three of the four governors of States in the Upper Colorado River basin tonight had personally or through a representative assured each other they will sign a communication addressed to every Senator and Representative in Congress, setting forth the attitude of the upper basin toward pending river development legislation.

Both Gov. Adams of Colorado and Gov. Emerson of Wyoming had said that the views set forth in the letter had their approval, and Francis C. Wilson, interstate water commissioner for New Mexico, declared he had no doubt that Gov. Dillon of that State will sign it. Gov. Dern of Utah is yet to be canvassed. The Utah Governor is expected back from Washington within a few days.

Final draft of the communication and appended proposed amendments to the present Swing-Johnson Boulder Canyon dam bill was completed today by Gov. Adams, Delph E. Carpenter, Colorado interstate commissioner; L. Ward Ben- nister, representing the city and county of Denver, and Mr. Wilson.

Gov. Emerson Tuesday took part in the conferences at which plans were formulated with a view to protecting the upper basin's interests in both the water and power potentialities of the stream.

The amendments to the bill would limit the amount of water which the State of California would be allowed to take from the river in the absence of a compact such as the Santa Fe compact, which failed of full signature, and would curtail power development by Arizona.

Agreements among the three lower basin States, Nevada, California and Arizona, on the twin questions of water and power, were sought at conferences here a year ago, but after intermittent attempts to get on common ground, the representatives of Arizona and California announced that they could not concur.

The upper basin meetings this week were an outgrowth of the lower basin's refusal to sign a seven-State compact.

FIRST LADY CHRISTENS HUGE PLANE

Distinguished Gathering
Sees Mrs. Coolidge Name
Christopher Columbus

WASHINGTON, Nov. 21. (Ex- clusive)—Before a distinguished gathering of Central American dip- lomats, government officials and other guests Mrs. Calvin Coolidge officially christened as Christopher Columbus the huge passenger plane and flagship of the Pan-American Airways at Hoover field late this afternoon.

Preceding the christening cer- emony a brief speech of welcome was made by J. T. Tripp, president of the Pan-American Airways. He was followed by Nelson T. Johnson, assistant Secretary of State; War- ren I. Glover, second assistant Postmaster-General; William P. MacCracken, Jr., assistant Sec- retary of Commerce for Aeronautics, and J. M. Eaton of the Pan-Am- erican Airways, all of whom spoke briefly on the advantages of air travel and air mail between the Caribbean countries and the United States.

NEW GAME: "FINDING CAL A JOB"

All Washington Casting President's Horoscope With
Guesses on Future After March 4 Varying
from College Presidency to Whittling

WASHINGTON, Nov. 21. (Ex- clusive)—What will President Coolidge do after March 4? As the time grows shorter this question more and more engrosses the attention of Washington. Many persons are as interested in finding an answer as they are in the poli- cies which Herbert Hoover will lay down. Only Mr. Coolidge himself knows, but the "eleven best guesses" compiled after consid- erable research, and probably all in- correct, are set down herewith:

(1.) He will become chairman of the board of the United States Steel Corporation.
(2.) He will become president of a large insurance company.
(3.) He will move to New York and become a partner in a substan- tial law concern.
(4.) He will assume the presi- dency of Amherst College.
(5.) He will become professor of government at a leading universi- ty.
(6.) He will buy a home in Wash-

ington and devote his time to writ- ing books, magazine articles and newspaper articles on government.
(7.) He will return to Northamp- ton, Mass., to rest and dabble in law.
(8.) He will travel for a year, visiting Europe and perhaps cir- cumnavigating the globe.
(9.) He will become an executive of one of the important railroad consolidations now pending.
(10.) He will travel for a year, visiting Europe and perhaps cir- cumnavigating the globe.
(11.) He will go back to the old farm in Vermont and "just whittle."

Coolidge's last word on the sub- ject was a hint to newspaper cor- respondents that they could pro- duce a "scoop" automatically deny- ing all and sundry reports as to how he will occupy himself after he leaves the White House. Evidently nobody has guessed right up to date.

Rothstein Death Clew Reported

NEW YORK, Nov. 21. (AP)—A spokesman for the New York Police Department announced this after- noon that the police are positive they know who murdered Arnold Rothstein, the gambler, in Park Central Hotel here on the 4th inst. The man, it was said, is a noto- rious gunman with a criminal record, including one arrest for murder. Less than a year ago he himself was shot.

Train Robbery Suspect Taken

CHICAGO, Nov. 21. (AP)—Sought as an accomplice in the \$133,000 Grand Trunk mail train robbery of last February and for several other asserted crimes, Virgil Litainger was captured by police and Federal au- thorities today.

GUAM NAVAL PLANE FALLS, HURTING TWO

GUAM, Nov. 21. (AP)—An airplane of the United States naval station here crashed today, injuring two men, but it is believed not fatally. The plane went into a tailspin.

FAMILY BURNED BY TAR

MODESTO, Nov. 21. (AP)—Mrs. J. S. Brady, 45 years of age, probably was fatally burned here tonight, when she fell into a pool of boiling roofing tar that her husband spilled on the floor. Her husband, her son, Logan, 16, and her daughter, Lucille, 10, were burned on the arms and hands.

SHORTAGE FOUND IN DOLLAR-LINE FUNDS

SAN FRANCISCO, Nov. 21. (Ex- clusive)—Existence of a shortage that will exceed \$20,000 has been uncovered in the freight cashier's office of the Dollar Steamship line, it was admitted today with the is- suance of a warrant charging grand theft against James W. Harris, re- signed cashier, who disappeared about a month ago.

Resolutions Ask for Stronger
Prohibition Laws

BOSTON, Nov. 21. (AP)—The Na- tional Women's Christian Temper- ance Union in convention here passed a resolution today pledging itself to continue its opposition to the tobacco habit.

The resolution was one of two presented by Miss Ida Lillian Page of Union City, N. J., director of the department of narcotics. It read: "That the National Women's Christian Temperance Union con- tinues its campaign of education seeking to reach the youth of Amer- ica with the truth regarding the scientific effects of nicotine; that we urge the strict enforcement of laws forbidding the sale of tobacco to minors. That we continue to protest against untruthful and mis- leading advertisements; that we ap- peal to the womanhood of the nation to refrain from acquiring the tobacco habit in the interest of their own health and that of their children."

In her address Miss Page said that a feature of the educational campaign to be conducted against the tobacco habit will be the dis- play of a poster depicting a young mother with a baby in her arms and a cigarette in her hand and around her head a halo of tobacco smoke. She said the title of this picture will be: "Do We Want that Kind of Halo Around American Motherhood?"

The convention also adopted a legislative program which includes: Support of the Jones-Stallar bill now in Congress, providing for in- creased maximum penalties for prohibition violations; heavier pen- alties for drunken drivers, rum-run- ners and moonshiners, and for car- rying deadly weapons; revision of the search and seizure laws to har- monize with the latest decision of the Supreme Court; and Federal legislation for the regulation of motion pictures before they are pro- duced.

The Weber Duo-Art Reproducing Piano

For 75 years, the companion of great
masters - Puccini, Repentini, Gade, Farrar,
Seotti and a hundred like them.
Choice of famous schools of music.
Favorite of ten European courts from
Buckingham Palace to the Vatican.
One of the three great international
instruments. Rich in tradition -
calmly serene in its position.

For the children! The Duo-Art is used in hundreds of music schools as a daily aid to piano instruction.
It can do the same for your children - just as it does for thousands of mothers. Ask your music teacher.
Open your door to the Duo-Art - and in less than a month's time you will prize it
as the most indispensable of all your home possessions * * * The Duo-Art is built (unseen) into the three
great international pianos. One of them is the Weber. So popular is this particular combination -
that no other piano factory in the world is called upon to produce so large a percentage
of its output as reproducing pianos. That's why you see so many Weber Duo-Arts.
Still, a Duo-Art in any piano is a glorious possession.
There is a STEINWAY Duo-Art for \$4075 . . . \$407, balance in two or more years
There is a WEBER Duo-Art for \$2885 . . . \$288, balance in two or more years
There is a Stock Duo-Art for \$1750 . . . \$175 now. There is a Stroud Duo-Art for \$1395 . . . \$139 now.

And we make a liberal allowance for your present piano.

Æolian Instruments

FARM LEADERS SHOWN AS NEED ARIZONA SENATE BEGINS ON CODE

**Grange Convened With Land
Grant College Group**
"Brains as Well as Brawn"
Sought by Speaker
**Borah Explains Importance
of Extra Session**
**Other Matters Hold Interest
in Lobby Meetings**

WASHINGTON, Nov. 21. (P)—Leadership and organization among farmers to help improve the economic status of the industry were stressed as outstanding needs by two speakers late today before a joint meeting of the National Grange and the Association of Land Grant Colleges.

Louis J. Taber, National Grange master, declared that agriculture is in crying need of leadership, and that there ought to be "brains as well as brawn" in the farmers' efforts to help themselves out of the present agricultural depression. He cited the land-grant colleges as being the natural sources of such leadership.

ORGANIZATION URGED
"There ought to be an efficient and powerful organization of farmers to supplement the work of other farm institutions, such as the Department of Agriculture with its many experimental stations and scientific and research department," he said.

JARDINE PRESENT
Secretary Jardine, who attended the convention although not making an address, presented the keys of the Department of Agriculture to J. L. Hills, president of the Association of land grant colleges, who presided over the joint meeting.

Senator Borah of Idaho at the morning meeting expressed a belief that proper farm-relief measures can not be considered during the coming short session of Congress and strongly urged the Grange to support the extra-session proposal.

"This farm problem is a big one," said Senator Borah, "some say that a special session would cause a disturbance, but it seems to me that the farm situation is far more disturbing than an extra session of Congress might be."

**LEGISLATION AIMS
OUTLINED BY FARMERS**
DENVER, Nov. 21. (P)—Proposed legislation to be sought by the farmers at the coming session of Congress occupied the attention of the Farmers' Educational and Co-operative Union of America today through its legislative committee as the organization's annual convention heard more pleas from the speakers' platform for co-ordination of co-operative activities with a view to market price control.

The report of the legislative committee, the chairman of which is Gov. Madcock of North Dakota, is not expected before the third and last day of the convention, Thursday. Included among the subjects yet to be taken up by the committee tonight were those of an "adequate" tariff on farm products and the union's attitude toward the principles embodied in the vetoed McNary-Baughen bill.

PHOENIX, Nov. 21. (P)—Fourteen chapters of the Revised Statutes of Arizona were passed by the State Senate this morning with but two minor changes in phraseology to conform with the present law, the upper house thus being the first to show, on its third day, definite result in the principal work for which the fifth special session of the Legislature was called.

Though the Senate met late, it continued in session till long after noon, receiving and passing upon the three committee reports which covered chapters 54, 55 and 56, inclusive, of the Revised Code.

ALL ORDERED ENGROSSED
The first two comprise those laws governing "notaries public and commissioners of deeds" and "sales." Chapters 55 and 56 form Part III of the code which is titled "Courts and Civil Procedure." All were ordered engrossed, to be passed on later to appropriate House committees.

FUND BILL IN COMMITTEE
The Governor's bill calling for an appropriation for his contingent fund is understood to be in the hands of the House Appropriation Committee, but no indication has been given as to when it will be introduced in the House.

**PERSIAN SOLDIERS
SLAY THREE SHEIKS**
BASRA (Iraq) Nov. 21. (P)—Three rebel sheiks were reported killed in an air raid conducted by the Persian authorities on a section of Arab tribes known as the Beni Turuf, dwelling near Ahwas, which has been in conflict with Persian troops.

**RECLAMATION AID
PLANS RECEIVE BLOW**
WASHINGTON, Nov. 21. (Exclusive)—Protests against further reclamation expansion, were voiced before two different agricultural groups today.

Dr. A. F. Woods, director of scientific work of the Department of Agriculture, in an address before the convention of the Association of Land Grant Colleges and Universities, asserted that no new reclamation projects should be undertaken for a number of years.

Opposition to the opening of new agricultural land through reclamation was again expressed in the convention of the National Grange. Resolutions dealing with the subject were offered by George P. Harrison, master of the California State Grange, and by Albert J. Goss, master of the Washington State Grange. The resolutions oppose "any legislation which will by the use of public funds add another acre to that already under cultivation."

"W HAT a wonderful gift for every member of the family.... every one of us will get something we have wanted ever since we knew how really magical this Ampico really is. Of course, there is a wealth of music played for us by great artists who seldom if ever play concerts here. Then there is the popular music of the day—dinner music—dance music—oh, such an infinite variety that every taste, every whim and mood finds its answer.

"And, of course, it will be a Knabe Ampico. For the Knabe is a piano that we really can love... so humanly sympathetic in tone... so splendid that the Metropolitan Opera Company has selected it for its official piano..."

The AMPICO in the KNABE—or, if you wish, the FISCHER, or the AMPICO SYMPHONIQUE—prices start at only \$1395.

**Architects
Exhibition
Opens
Today**

THE ANNUAL EXHIBIT OF ARCHITECTURAL DESIGNS opens today at the Architects' Building, Fifth and Figueroa, and continues thru December 8.

SOUTHERN
California is known the world over for the charm and distinction of its architecture. This exhibit brings you the opportunity of examining more than 500 of the best designs of the current year.

GOOD
architecture is the first requisite of good building, and although the Northland Mortgage Company is engaged in neither architecture nor building it urges you to see this exhibit. It will aid you to a finer appreciation of the work the architects of Southern California are doing for its development and permanent beauty.

THE Northland Mortgage Company is interested in promoting better architecture because its seven-year experience in financing building operations prove that more money can be loaned on a well designed structure.

The greater part of the \$5,000,000 it has ready for immediate loan will be loaned on competently drawn plans.

ATTEND the Architectural Exhibit. There is no admission charge.

AMNESTY GIVEN TO CANDIDATE
Mexico Will Open Gates to Gen. Villarreal
Expatriate Will Campaign for Presidency
Aron Saenz Indorsed for Post by Party

MEXICO CITY, Nov. 21. (AP)—Emilio Portes Gil, Secretary of the Interior, announced today that Gen. Antonio Villarreal, exiled revolutionary leader, will be allowed to remain in Mexico to conduct his campaign for the Presidency. Villarreal previously had been refused permission to return from the United States. Recently representatives of the Anti-Re-electionist party announced that Villarreal had succeeded in slipping across the border and thus qualified as a candidate for the election in November, 1929. The Mexican law requires that candidates for the Presidency be in the country at least a year before the election. Some groups of the Anti-Re-electionist party have already proclaimed Villarreal as their candidate. Since it was announced that he had crossed the border his whereabouts have been a mystery, although numerous persons profess to have seen the general in Mexico City. Aaron Saenz, former Foreign Minister and now on leave as Governor of Nuevo Leon, formally announced today that he would be a candidate for the Presidency. The revolutionary parties, which are backing him, formally ratified his nomination at their meeting in January.

BABY CENTER IN MIX-UP OF KIN
Newcomer's Grandfather Also Her Father's Brother-in-Law
SAN FRANCISCO, Nov. 21. (AP)—A baby was born here today whose maternal grandfather is her father's brother-in-law. The baby is the daughter of Mr. and Mrs. Albert Denby and the grand-daughter of Joseph Greenbach, wealthy contractor here. Denby, a coffee broker, married Miss Henrietta Greenbach on August 12, 1927, in Maryland. The bride's stepmother, Mrs. Helen Greenbach, wife of the local contractor, is Denby's sister. As a result of the marriage Greenbach, the bride's father, became her husband's brother-in-law, while Mrs. Greenbach, already her stepmother, became the bride's sister-in-law.

COUNTIES FIGHT TO SAVE WATER
Representatives Appear at Committee Hearing
Mountain Sectors Battle to Keep Supply
Inman Advocates Special Court Creation
SACRAMENTO, Nov. 21. (AP)—Representatives of mountain counties of California appeared before the joint legislative water committee meeting here today to urge adoption of a plan to protect them against excessive appropriation of water originating within their territory. Assemblyman Dillinger of Placer county recommended to the committee that the State Division of Water Rights proceed to complete its survey of the water situation in California in accordance with the authorization given it in the 1921 and 1925 sessions of the Legislature. Dillinger also urged that necessary funds be made available for completion of the survey in all counties to determine: (1) the amount of rain and snowfall and run-off; (2) the amount of water already appropriated and the balance available for future appropriation; (3) the future water requirements of each county. Senator Inman of Sacramento advocated creation of a committee or court authorized to settle water-right problems. This body would function in a manner similar to the Railroad Commission, the Senator said. F. C. Stever, State Director of Natural Resources, told the committee that it must respect the importance of mining interests and that if the latter's water rights are curtailed, the State will lose one of its leading resources. Stever also entered a plea for preservation of forests and fish and game, saying that if the mountain and foothill counties are deprived of rights to waters originating within their boundaries the State will lose through depopulation and lack of interest in the counties.

NEW AUTO GIANT BORN IN ENGLAND
Three Companies Unite to Compete With American Concerns in World Market
LONDON, Nov. 21. (AP)—With the intention of challenging American supremacy in the world automobile market, three of the leading British companies will be amalgamated under the name of Humber, Ltd. The firms are Commer Cars, Ltd., Humber, Ltd., and Hillman Motor Car Company, Ltd. "We mean to concentrate on producing a car which will win a place in the world's markets and excel any American car of equivalent price," an official of one of the companies said. He added that the eventual aim of the amalgamation was to rival the General Motors Company of America. The new combine will have an initial capital of \$1,250,000. No public issue of shares is intended.

Fire Destroys Largest Plane
BRISTOL (Pa.) Nov. 21. (AP)—The Keystone Patriotic said to be the largest airplane ever built in this country and one of the largest in the world, was destroyed by fire today at the Keystone Aircraft Corporation flying field. The craft, valued at \$75,000, was to have been christened tomorrow before a gathering of aeronautical leaders of the country. The fire started as the finishing touches were being given the plane outside of its hangar. Some witnesses said an explosion preceded the fire, and others said there was none.

Indian Hearings at Bay City End
SAN FRANCISCO, Nov. 21. (Exclusive)—The special investigating committee of the United States Senate completed its questioning of witnesses in regard to the conditions of California Indians today by hearing a reiteration and emphasis of previous charges that "poor Lo" is undernourished, underfed and the victim of mismanagement and maladministration by the Federal Indian Bureau and the Public Lands Department.

Chinese Flour Tax Protested
TIEN-TSIN (China) Nov. 21. (AP)—American and other importers are protesting against a tax of 30 cents per barrel of flour which has been imposed recently. They hold that the tax is contrary to treaty rights. The question has been taken up with the Nationalist government at Nanking through the various consuls and also by the Chamber of Commerce. The bulk of American and Canadian flour for North China is cleared through Tien-tsin. The importers contend that the tax eventually must be paid by the consumers, despite treaty clauses that foodstuffs are duty free.

Pioneer Banker of Midwest Dies
ST. LOUIS, Nov. 21. (AP)—Breckinridge Jones, 72 years of age, chairman of the board of the Mississippi Valley Trust Company, died here today of a throat infection. Widely known in middle-western banking circles, Jones was generally recognized as the "father of the trust company section" of the American Bankers' Association. As early as 1896 he inaugurated a movement to form a national organization of the trust companies of the United States, which later resulted in the trust company division of the association.

Dawes Will Go Back to Bank
CHICAGO, Nov. 21. (AP)—Vice-President Dawes has announced that he will return to the banking business after Senator Curtis steps into office March 4. "I have never made an announcement that gave me greater pleasure," the Vice-President said at a banquet of employees of the Central Trust Company last night. Mr. Dawes' position as chairman of the board of directors of the Central Trust Company has been vacant since he resigned to become Vice-President in 1924. Previously he was president of the bank.

BULGARIANS TO SIGN ARBITRATION TREATY
SOFIA (Bulgaria) Nov. 21. (AP)—The Bulgarian government has instructed its Minister at Washington to sign a treaty of arbitration and conciliation providing for the pacific settlement of all disputes with the United States government. This will be the first treaty of this kind that Bulgaria has concluded since the war.

Sani-Dri
—the Electric Drier

—the Electric Drier

For Hands, Face and Hair

FINDING THE BETTER WAY to provide for the comfort and convenience of the membership was a task imposed upon the committee who selected the appointments for the new and magnificent Elks Temple. Among the most important items of equipment were drying facilities for washrooms and swimming pool. After exhaustive investigation and research, *Sani-Dri Electric Driers* were purchased and installed to the complete satisfaction of all. *Sani-Dri* promotes skin beauty by evaporating all the water—not only from the surface but from the pores as well. Leaves the skin soft, smooth and glowing, untouched by chapping or infection—in any kind of weather. *Sani-Dri* is 100% Sanitary—100% Efficient—much more modern than towels, and incidentally far more economical.

Two Small Glands Atop The Kidneys Control Many Ills

All the Glands Respond Quickly to Knifeless Simple Gland Operation

Fully important as any in the chain of endocrine glands are the adrenal or suprarenal glands—the two little bodies that sit on top of the kidneys.

If there is a weak heart action or pulse; breathlessness or exhaustion following the slightest exertion; if there is ANEMIA, lack of appetite and uncontrollable NERVOUSNESS; slow digestion and metabolism of food, or obstinate constipation; a sudden tendency to nervous chills or cold extremities, it is quite likely you may have a deficient activity in the adrenal glands. It is the secretion of the adrenal glands that is the chief "driver" of the thyroid, brain and muscles and that regulate the blood supply of the body and maintains normal TONE.

VALUABLE BOOKLET FREE. In simple language, intelligible to any layman, Dr. Wheeler's booklet explains the importance of the ductless glands and their influence on vigorous health and how diseases may be avoided.

CARS FOR RADIO TESTS IN FIELD

Traveling Laboratories Now in Actual Operation

Station Power Measured With Latest Equipment

Work Set Forth in Report of Federal Official

BY DR. RALPH L. POWER. W. D. Terrell, chief of the radio division, Department of Commerce, this week submitted his annual report to the Secretary of Commerce.

Other than routine matters, the highlight in the report seems to be the fact that four radio test cars now are in actual operation. These machines are traveling laboratories and offices carrying complete frequency measuring apparatus, radio field intensity measuring equipment, apparatus for operators' examinations and other necessary material.

One of the unusual features of the year in radio is the fact that these test cars now have equipment so they can determine the amount of power a station is using without going near the station itself.

The machines also make it possible to determine the service areas of broadcasters. One car is on the Pacific coast and was in Los Angeles several weeks ago. It is serving both the Seattle and San Francisco supervisor until an additional machine is ready.

EARLY MORNING PROGRAM FOR KMTB

Louise Howell, who has been singing over KMTB from 8 to 9 a.m. for more than a year, will change the time this week to 9 a.m. Her program consists of songs and piano numbers.

SCHUBERT FEATURED ON TODAY'S PROGRAM

The network school series each Thursday from 11:30 a.m. to 12 noon over KFI, is further augmented by a feature on each of the musically illustrated programs. The morning school broadcast is followed by the symphony hour at 1:30 p.m. This week the world of music is observing the hundredth anniversary of Franz Peter Schubert and his compositions will be featured in the program today.

OPERA HOUR AT KOFJ STUDIO

KOFJ, Los Angeles, is offering a new series of operatic masterpieces in the form of phonograph record recitals. These are given for out-of-town listeners from 12 noon Saturday until 2 o'clock Sunday morning and the radio performance is repeated again on Mondays from 1 to 3 p.m. "Rigoletto," "The Mikado," and other well-known operas are to be given.

War Veteran Kills Himself Near Cemetery

Mubert Hahn, 37-year-old veteran and operator of an automobile repair shop in San Pedro, killed himself by cutting his throat with a safety razor blade on Sepulveda boulevard, close to the Bavelle Soldiers' Home Cemetery, early yesterday morning, according to the sheriff's office.

On Hahn's body was found a note reading "In case of death bury me with my buried. Do not bother the folks." Other papers included his army discharge and a promissory note for \$100 signed by "Bill Egerhardt" and marked paid and indorsed "Give this to Bill."

Deputy Sheriff Al Ousett is searching for relatives. The body is at the County Morgue.

MACK'S WIFE PLAYS IN FILM

Merna Kennedy and Two Others Are Cast in "Broadway." Dorothy Revier Plays Lead in "Scarehead." Dolores Del Rio Will Sing in "Evangeline."

Now that Willard Mack, noted playwright, is cosily ensconced as director, scenario writer and actor at Metro-Goldwyn-Mayer, what more natural than that his clever young wife, the current Mrs. Mack, known professionally as Beatrice Banyard, should also take a whirl at pictures?

This is what will happen, indeed, and Mrs. Mack has been cast in the role of Beanie, a vivid underworld character in Mack's first M-G-M. talking picture, "Hunted," which is now in rehearsal.

It will be Mrs. Mack's first experience before the camera, although she has appeared in many stage successes, including four of her husband's New York efforts. "The Doves," "Lily Sue," "Canary Bird" and "The Scarlet Fox," under the management of David Belasco.

In the cast of "Hunted," which Mack, having written, directed and also acted in, will appear Robert Ames, Duane Thompson, Tom O'Brien, Sylvia Fields and other noted players.

MERNA KENNEDY ET AL, FOR "BROADWAY"

It is practically assured, we learn, that Merna Kennedy will have the lead in Universal's "Broadway." Miss Kennedy is a much-sought young actress these days. It is understood that Cecil De Mille has been strongly supervising her for the lead in "Dynamite," while Metro-Goldwyn-Mayer also is seeking to sign the young actress on a long-term contract.

Over a decade ago this stage play by Edward Locke was one of the big stage hits. The notable cast supporting Herschell is Kathryn Crawford, former leading lady of "Hit the Deck," whose singing voice will be featured in the production.

Renaud Hoffman Busy

After a year's absence from the screen, Renaud Hoffman, who made such popular successes as "Not One to Succeed," "The Unknown Soldier," and "The Legend of Hollywood," is going to direct "The Climax" for Universal. Jean Harlow will be starred in the picture.

WIFE HELD IN SLAYING OF ARRANGED

Mrs. Lamonte Ordered Detained Without Bail for Preliminary Hearing

Arraigned before Municipal Judge Baird yesterday on charges of murder, Mrs. Lottie Lamonte, asserted to have slain her husband, William Lamonte, with a butcher knife on Sunday, was ordered held without bail to await her preliminary hearing on the 27th inst.

Beer Garden Found in Raid

A completely equipped beer garden was discovered by vice squad officers in a house at 119 West Twenty-second street yesterday morning, they reported, when they arrested Miguel Ounan, 36 years of age, at the address on a charge of violation of the Wright Act.

The various rooms, the officers stated, were minus furniture except benches and tables at which beer could be served to a large number of customers at the same time. Thirty-eight quart bottles of beer and twenty-five gallons of the same beverage were found in the house, the officers stated. No customers were present when the raid was made, it was said.

TWO NEW AIR MAIL LINES DUE TO OPEN

For the benefit of philatelists and others making collections of first-flight air-mail covers, Postmaster O'Brien pointed out yesterday that two new air-mail lines shortly would be opened, between Atlanta, Ga., via Jacksonville to Miami and to Miami, effective December 1, the office named to be supplied with special cancellation stamps, while Flint and Pontiac, Mich., are to be supplied on Route C.A.M. 71, and will be furnished with a special cancellation, effective the 27th inst.

WEST SEEN AS GROWING AIR-MINDED

Special Interest in Route to Los Angeles Found by Fokker Director

"The Middle West is tremendously interested in aviation in general, and in obtaining a direct passenger route to Los Angeles in particular," it was declared yesterday by John A. Love, St. Louis banker, at the Baltimore Hotel.

"There are two classes of persons ready right now to make use of the new line which Western Air Express will inaugurate between this city and St. Louis, a Missouri River point. They are high-salaried executives whose time is extremely valuable and aviation fans, the ones who are tremendously interested in flying for the love of it."

"The time is not yet here when traveling salesmen are making extensive use of the air, but I feel certain that it will come."

"Business institutions, in this manner, will be literally forced to make use of air travel, the same as they have with air mail. A firm cannot afford to see its rival reaping profits from air mail when for a few additional dollars spent in postage it may enjoy the same benefit."

Digestive Ills Will Be Topic

Dr. Philip M. Lovell, in his health-education talk today at 3 p.m. in the Southwest Building, 130 South Broadway, will discuss digestive problems.

In elaboration of his contention that faulty elimination is the foundation upon which the greater proportion of all the ailments of mankind is built, Dr. Lovell will enumerate those most frequently encountered and suggest various remedies, including adequate exercise, correct physical hygiene and diet.

Special Interest in Route to Los Angeles Found by Fokker Director

"The Middle West is tremendously interested in aviation in general, and in obtaining a direct passenger route to Los Angeles in particular," it was declared yesterday by John A. Love, St. Louis banker, at the Baltimore Hotel.

"There are two classes of persons ready right now to make use of the new line which Western Air Express will inaugurate between this city and St. Louis, a Missouri River point. They are high-salaried executives whose time is extremely valuable and aviation fans, the ones who are tremendously interested in flying for the love of it."

"The time is not yet here when traveling salesmen are making extensive use of the air, but I feel certain that it will come."

"Business institutions, in this manner, will be literally forced to make use of air travel, the same as they have with air mail. A firm cannot afford to see its rival reaping profits from air mail when for a few additional dollars spent in postage it may enjoy the same benefit."

Digestive Ills Will Be Topic

Dr. Philip M. Lovell, in his health-education talk today at 3 p.m. in the Southwest Building, 130 South Broadway, will discuss digestive problems.

In elaboration of his contention that faulty elimination is the foundation upon which the greater proportion of all the ailments of mankind is built, Dr. Lovell will enumerate those most frequently encountered and suggest various remedies, including adequate exercise, correct physical hygiene and diet.

ITALY DEPUTIES IN LAST SESSION

Chamber Soon to Give Way to New Regime

Many Important Matters to be Considered

Status of Fascist Grand Council on Program

ROME, Nov. 21. (P.)—The Italian Chamber of Deputies, the last to be elected under the regime of popular suffrage, met today for its final session.

Although this will be a short session, a number of important matters still have to come before the outgoing Chamber, which will be dissolved some time toward the end of next month. Among these matters are the bill giving a legal and constitutional status to the Grand Council of Fascism. A bill for making application of the Fascist "charter of labor" obligatory on all employers, a measure for an increase in workmen's pensions and various bills for extensive public works.

The passage of this government-backed legislation is looked for some time before the middle of December. The royal decree dissolving the Chamber is expected some time prior to the year's end. Before the session's close, Premier Mussolini is slated to make an important speech reviewing the work of the Fascist party as a whole and of its representatives in the Chamber in particular.

BOK CARILLON BELLS WILL CHIME PEACE MESSAGE ON DECEMBER 2

MOUNTAIN LAKE (Pa.) Nov. 21. (P.)—A carillon—medieval Europe's warning of flood and war—will sound a note of peace on December 2, when the dream of Edward W. Bok becomes a reality and his memorial singing tower of bells goes on the air for the first time.

Anton Brea, carillonneur, will broadcast the initial symphony from sixty-one bells which the Philadelphia philanthropist placed in a 205-foot marble tower as a memorial to his parents and the American people, whence came opportunity of wealth and fame for the donor of the famous peace prize.

Radio engineers believe today that they have surmounted the

greatest obstacle in broadcasting a carillon symphony. They have found a microphone that is not expected to pick up the terrific din so characteristic of efforts to put carillon chimes on the air when the transmitter is placed close to the source of the music.

Although official dedication of the memorial will not take place until February, M. Brea, who is carillonneur at Merensburg, (Pa.) Academy, plans daily symphonies through December, January and February, and after dedication until April 30.

Each year he expects to return between December and May for a series of symphonies on the bells which were brought to the United States at great cost and trouble.

were Fascists, thirty-nine of the Catholic Center party, forty-five Constitutionalists, forty-six Socialists, nineteen Communists, seven Republicans and four representing the Slav and German minorities in the provinces recovered as a result of the war.

Quite a number of its members, particularly those of the Socialists and Communist persuasions, now are in exile over the border or in "confinement."

HOTEL MAN DIES

KANSAS CITY, Nov. 21. (P.)—Robert Wayman Elston, 74 years of age, former hotel operator in Denver and Colorado Springs and assistant manager of the Alcazar Hotel here, died today from injuries received when struck by a motor car Friday.

ELECTORS GIVEN POINTS OF LAW

Instructions Forwarded to All Governors

Change in Procedure Made by New Congress Act

Meeting Date Set as First Wednesday in January

PITTSBURGH, Nov. 21. (P.)—Answering telegraphic inquiries from Presidential electors throughout the country in regard to changes made by the Act of Congress on May 28, last, in the matter of Presidential election procedure, James Francis Burke, general counsel of the Republican National Committee, today communicated with the governors of all States concerning the alterations.

The date of meeting of the electors provided for in the Act of Congress of 1897, Burke's communication said, has been changed from the second Monday in January to the first Wednesday in January.

As soon as practicable after the November election, the Governor shall send by registered mail to the Secretary of State at Washington a certificate showing the names of electors chosen, as well as the number of votes cast for each. He also shall deliver to the electors on or before their meeting six copies of the same certificate.

In selecting the President and Vice-President, the electors shall execute six certificates of all votes given by them, each of which shall contain two distinct lists, one of the votes for President and the other for Vice-President and shall annex to each of the certificates one of the lists of electors furnished them by the Governor.

They shall forthwith forward one of the certificates to the President of the Senate at Washington by registered mail and not by personal messenger as under former laws. Two shall be delivered to the Secretary of State for the State, one of which shall be held subject to the order of the President of the Senate, the other to be preserved by him for one year and open to public inspection. They shall also forward two of these certificates to the Secretary of State of the United States, one of which likewise shall be held subject to the order of the President of the Senate.

EX-CABINET OFFICIAL ILL.—CHICAGO, Nov. 21. (P.)—J. M. Dickinson, formerly of Nashville, Tenn., Secretary of War from 1909 to 1911 in the Cabinet of former President Taft, is seriously ill in St. Luke's Hospital.

THANKSGIVING DINNERS BALK

Two Pies Turkeys Force Red-Headed Peckers to Climb Trees

LENOX (Mass.) Nov. 21. (P.)—Apparently when wearing red one should beware of a turkey unless it is well on the way to the Thanksgiving table.

Frank Carr, poultryman, wore a flaming sweater. Two prize birds showed their dislike so vigorously that he had to climb a tree.

Nuptials Set for Dodge Daughter

DETROIT, Nov. 21. (Exclusive)—Mrs. Delphine Dodge Cromwell, daughter of the late Horace E. Dodge, and Raymond T. Baker, former director of the United States Mint, are to be married about December 4, next, in New York City.

The wedding will be a quiet one, according to relatives of the bridegroom, who announced the forthcoming marriage in San Francisco today. A honeymoon trip to Havana is planned after which they will be at home in Washington. Mrs. Cromwell now is in New York. Both were divorced last September. Mrs. Cromwell from James H. R. Cromwell of Philadelphia, following eight years of married life, and Mr. Baker from Margaret Emerson Baker, daughter of Isaac Emerson, manufacturer of Baltimore.

GROWERS GUARD COTTON SECRET

Wonder Plant Said to Thrive in Two Counties

Announcement Premature, Promoter Says

Artificial Textile Declared Boon to Industry

(Copyright, 1928, by the Chicago Tribune) LONDON, Nov. 21. (Exclusive)—Deepest mystery shrouds several hundred acres in the picturesque counties of Sussex and Essex where is growing the precious plant which will completely revolutionize the world's textile industry, if the assertions of the discoverers are realized in the next few years.

The English artificial cotton producing and marketing corporation not only refuses to divulge the nature of the plant, which it holds to be the world's first perfect cotton substitute, but refuses to disclose the exact location of the plantations.

"We have nursed the enterprise eight years, in addition to sinking a good deal of money," D. A. Walters, one of the directors, said today, "and naturally now feel we are entitled to reap the benefits before giving the idea to the public. Even as it is the public announcement came earlier than was intended. Originally it was not intended to announce it before January." Meanwhile important interests have been approached with a view to placing several thousand acres throughout England under cultivation.

An IMPORTANT MESSAGE to an Overworked Business Man

During these busy days of stress and strain, when you feel a sudden distaste for the crowded city, hurrying people and confining office . . . just close your desk and slip away to your "out-of-town retreat" at Del Mar.

Relax in an easy chair in your terraced garden and enjoy the finest views in California . . . wooded hills and canyons blending into an emerald sea, majestic mountains, a rugged coast line stretching as far as the eye can see. Watch the setting autumn sun as it paints the sea with purple, rose and gold.

Enjoy the healthful benefits of an all-year playground with every facility for sports close by your home; 18-hole, all-grass golf course, bridge trails, fishing pier, tennis courts, bathing beach and plunge.

Around you are congenial neighbors, people you'd like to know and play with . . . lawyers, doctors, writers, captains of industry. On Del

Mar's picturesque shoreline they have built over a million dollars worth of beautiful estates. They, too, have refused to grow old too soon, and are recapturing here the vigor and love of life.

Do not wait until your physician says, "Ease up!" Plan this week-end to visit Hotel Del Mar for complete rest and change. Choose your estate-site here at your leisure. You can obtain a half-acre site for less than the cost of a narrow 50-foot city lot. Prices from \$2500. Only \$500 down. And with your purchase, you receive a perpetual deed to unharmed and contented living.

If you can't come now, telephone or mail the coupon for complete information—and a copy of beautifully illustrated "Del Mar Pictorial." No obligation.

This new Sparton Equasonne is the greatest radio the world has ever known at any price. And don't you buy a radio until you have heard it.

Walter M. Fagan
Pacific Wholesale, Inc.

...why? Because the new Sparton Equasonne All-Electric Radio will bring in more distant stations at room volume than any other commercial receiver manufactured.

DISTANCE!

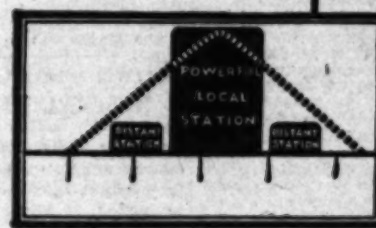

THE DISTANCE-GETTING ability of the Sparton Equasonne is due: first, to the use of stages of radio frequency amplification, each capable of increasing a radio impulse 15,000 times instead of the usual 3,000 to 7,500 times; second, to the revolutionary Equasonne selector unit, which admits only the frequency channel allotted to the station being received.

The Sparton Equasonne picks out those weak distant signals from the barrage of local interference and builds them up to room volume without distortion. Consequently you can get distant stations that will be pleasing to hear without sitting up half the night waiting for local stations to get off the air.

Sparton brings in the entire broadcast spectrum, operating as efficiently on low wave bands as on the higher. For the first time the whole world of radio is yours.

Why Sparton Equasonne Gets Distance

The small sketch below shows how the Equasonne selector unit deals with the local station in its own wave channel, thus allowing distant stations to come in without interference. Dotted line shows broad tuning characteristic of the average radio, which blankets the distant stations almost entirely.

The above map shows some of the distant stations being brought in at room volume by the Sparton Equasonne.

GERMANY WILL TALK TO WORLD

Broadcast of All Important
Events Planned

Daily Program on Teuton
Culture Proposed

Contract Let for Powerful
Short-Wave Station

BERLIN, Nov. 21. (P)—Germany
is about to broadcast all important
happenings to the world. After Feb-
ruary, 1929, people in the United
States will be able to hear Presi-
dent Von Hindenburg speak, or a
Zeppelin arrive, or the state opera
perform, by merely listening in on
their radios.

The German Ministry of Posts
and Telegraphs, which has a mo-
nopoly on German broadcasting, has
let the contract for a powerful
short-wave sending station to be
erected at Koenigsbrunn, near
Berlin, alongside the long-wave station now
used for broadcasting within Ger-
many. The wave length will be
between twenty and thirty meters.

The government plans to broad-
cast all important happenings, and
especially to offer a daily program
emphasizing the various branches
of German culture between the
hours of 3 and 4 o'clock in the
morning (4 to 5 p.m. eastern stand-
ard time.) In the hope that the
millions of Americans, both North
and South, of German descent, may
at any hour convenient to them ex-
perience the thrill of hearing of-
ferings in the language of their
forebears.

German radio fans were enabled
last night for the first time to re-
ceive pictures transmitted by the
Pulson system on a wave length of
1940 meters by the government
sending station at Koenigsbrunn.

The first photograph was that
of President Von Hindenburg.

The experiment proved to be such
a success that a regular picture
service for half an hour daily will
be included hereafter in the govern-
ment radio program.

While at present only a few Ger-
man radio owners have attachments
for receiving pictures, it is expected
that this innovation soon will be-
come generally popular.

COMPLAINTS CAUSE STIR ON CAMPUS

Howard College in South
in Uproar as Committee
Reviews Several Charges

BIRMINGHAM (Ala.) Nov. 21.
(P)—Howard College, one of the
largest Baptist schools of the South,
was in an uproar today as a spe-
cial committee appointed by the
board of trustees reviewed charges
preferred by twenty-one students of
improper conduct on the campus.

Among the charges was an as-
sertion that a member of the faculty
had asserted that "if all Bibles in
the world were piled up and burned
the world would be better off with-
in 100 years." The complainant
charged that Dr. John C. Dawson,
president, failed to give a sym-
pathetic hearing when this and other
complaints were made to him.

Three other charges being investi-
gated are that students, during a
recent fraternity rush, conducted a
mock "compulsory wedding" on the
campus which was witnessed by a
mixed group of students; that gam-
bling and drinking have occurred
on the campus; and that fraterni-
ties have permitted dancing in their
houses contrary to school regula-
tions.

The complaining students testi-
fied before the committee after be-
ing assured of immunity.

Final hearing by the committee
has been set for tomorrow.

And Wasn't This One Bally Joke

OXFORD (Eng.) Nov. 21 (P)—
Eight hundred Oxford undergrad-
uates were "properly hoaxed" today.
They had received, overnight,
printed notices in official terms
stating the university proctor de-
sired to interview them at 9:45 a.m.
The proctor is the university offi-
cial charged with enforcing the laws
and regulations of the institu-
tion.

Virtually the whole 800 assembled
at the proctor's office at the spec-
ified time. The proctor eventually
appeared and told the undergrads
that he had no desire to talk
with them. It took the proctor
and his "bulldozers"—as his assist-
ants are called—about an hour to
disperse the cheering, rollicking
students.

Sulphur Dusting Improves Grain

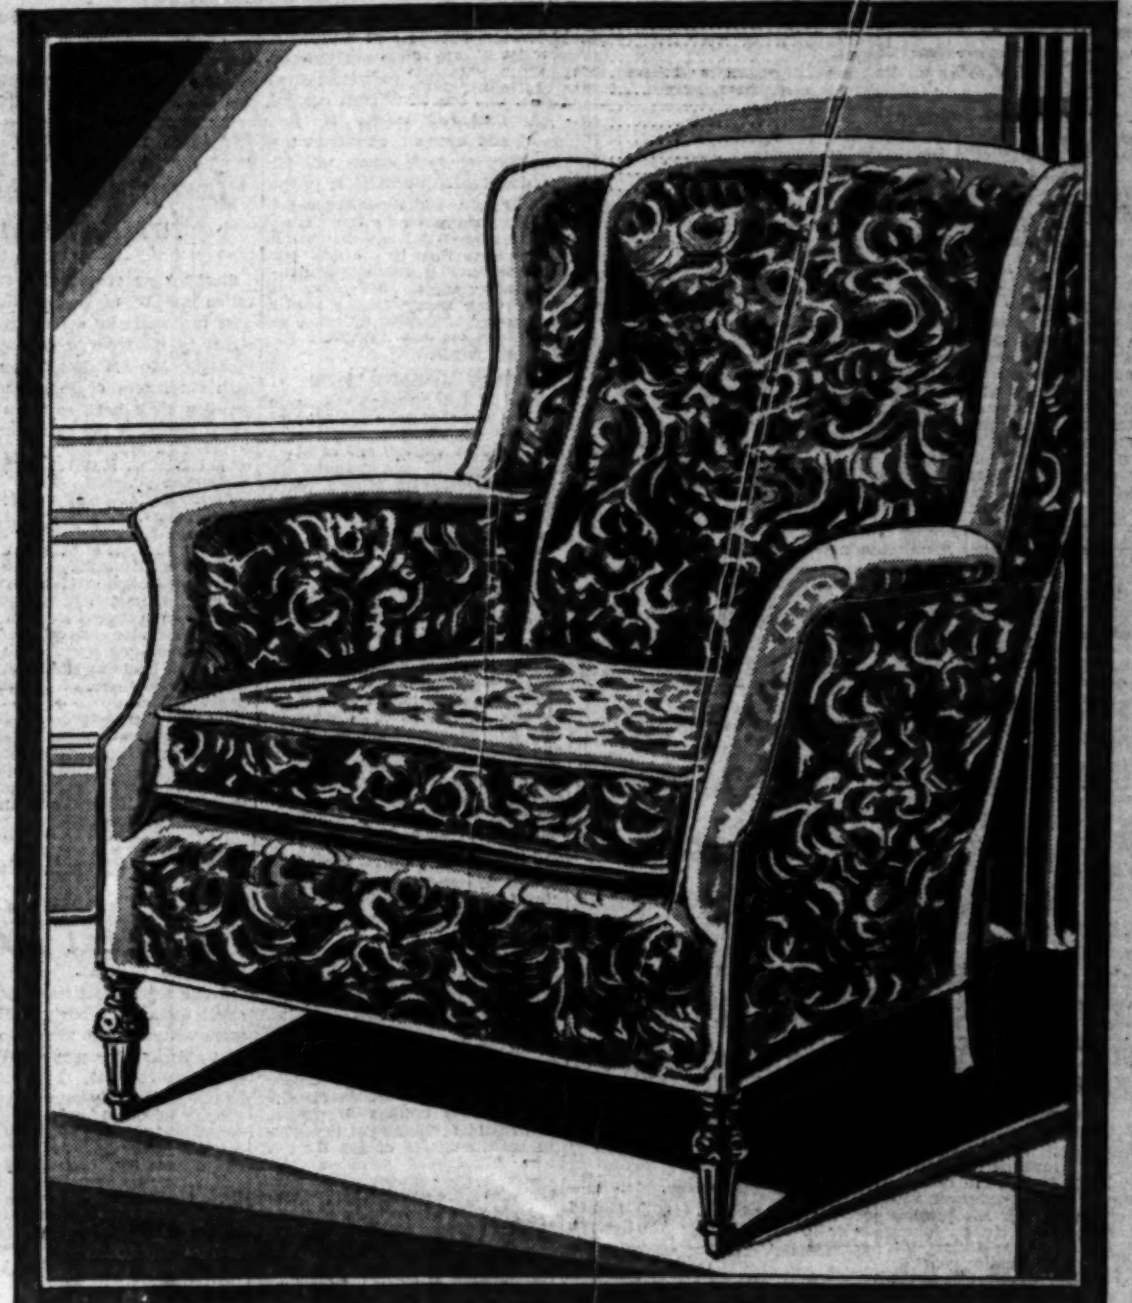

OTTAWA (Ont.) Nov. 21. (P)—
The Federal Department of Agri-
culture in an official report says
that sulphur-dusting experiments
conducted last summer in the grain
fields of Western Canada estab-
lished beyond doubt the effec-
tiveness of this method of cereal
rust control.

Citing the case of one experi-
ment the report says that grain
so treated yielded the farmer \$11.87
an acre more than grain not treat-
ed, the yield being increased and
the grade of the dusted crop im-
proved. Dusting in this case was
done by a horse-drawn machine,
but the use of airplanes also
proved satisfactory, the report says.

SCOTCH PRESBYTERIAN CHURCHES TO UNITE

EDINBURGH (Scotland) Nov. 21.
(P)—The assemblies of the Church
of Scotland and the United Free
Church of Scotland both voted to-
day by overwhelming majorities in
favor of uniting. Final decision on
the question will be made at the
next assembly in May. Both
churches are Presbyterian in doc-
trine.

November SELLING EVENTS

50 Easy chairs, with down-hair cushions

—third of the series
of Barker Bros.' chair
events in November
Selling; 50 only, each **\$69.**

AN ADAPTATION of one of our finest Georgian easy chairs—
one of the eighteenth century pieces so much in demand. A model
that is popular not only for its distinctive style, but equally for
its unusual comfort. By clever designing it is so proportioned that
men and women alike find it luxuriously easy.

This new model, built in our own shops with typical "Own Make"
standards, retains the comfort and distinction of the original chair,
yet through quantity production and careful buying of covers, the
price is reduced to less than the uncovered cost of the original
model. Amazing values! See them at Barker Bros. Thursday!

Down-Hair Cushions

THESE CUSHIONS are down-hair—a
Barker Bros. innovation which combines the
lasting resiliency of spring cushions with the
luxurious comfort of down-filled seats.
Usually such cushions are found only on ex-
pensive chairs! It is the careful attention to
every detail of construction and style that
makes this chair so outstanding in value! On
sale Thursday!

Choice of Eight Covers

EIGHT BEAUTIFUL fabrics, varying
widely in texture and coloring, have been
chosen as covers for this chair so that it is
easy to select one that will harmonize with
your room. Damasks in the fashionable new
green, soft henna or a gold-toned brown;
old red brocade or black or tete de negre
tapestry—all of them fabrics in perfect har-
mony with the style of the chair.

⌘ Your old furniture can be used as part payment
on this chair. Convenient credit terms available. ⌘

FINANCIAL

AUTO EARNINGS RANK FIRST

Iron and Steel Crowded Out of Lead to Second With Chemicals Third and Oil Fourth

BY JOHN F. SINCLAIR

NEW YORK, Nov. 21.—Based on earnings the automobile industry ranks first in America. Iron and steel have moved down from first to second place in the last decade while chemicals held third place and

second place in the country with 19,000 employees, fourth place with 18,000.

Others follow in order of importance: Food products, electrical industry, flour and baking, office and household equipment and machinery.

Of all industries, coal mining and tobacco are the only outstanding ones that have not set a new record of the last year. If we compare this year's record for the first nine months with the same period last year, the coal and tobacco and steel industries and rail will be included.

The general state of business properly, however, is at a high-water mark, and with the expectations noted 1933 will break all records.

What States are most vitally interested in foreign trade?
Based on the value of their exports to foreign countries, the dozen most important States, respectively, are New York, Texas, Michigan,

California, Pennsylvania, Louisiana, New Jersey, Illinois, Ohio, Virginia, Massachusetts and Washington. The percentage increase of its business expansion with foreign nations the palm must be given to Texas. It is now not far behind New York in the value of its foreign trade.

should Mexican immigration be put on a quota basis by the United States as is that from all other nations, Canada excepted?

Had industrial concessions in Mexico and thousands across the line into the United States. The number of Mexicans living in the United States has been increasing rapidly.

exist in the United States about Mexico and her people will change.

OIL CONCERN LICENSED

Southwest Petroleum Corporation, a California corporation with headquarters in Los Angeles, has received a permit from Corporation Commissioner Friedlander, an oil

ly since the beginning of the century. In 1900 there were 71,052 Mexicans in Texas, 14,173 in Arizona, 5,096 in California and 4,947 in New Mexico—all border States. No other State had 500.

Today at least 200,000 Mexicans live in and around Los Angeles. San

Corn Futures Bulge to New High for Crop

CHICAGO, Nov. 21.—Light receipts increased outside interest and short covering increased corn values in a rather radical manner, with the March and May contracts bulging to new highs of 1.04 1/2 and 1.04 1/4, respectively, with December leading at 1.04 1/4. The market was quiet in the morning, but a heavy volume of business was transacted in the afternoon, with the March and May contracts leading at 1.04 1/2 and 1.04 1/4, respectively, with December leading at 1.04 1/4. The market was quiet in the morning, but a heavy volume of business was transacted in the afternoon, with the March and May contracts leading at 1.04 1/2 and 1.04 1/4, respectively, with December leading at 1.04 1/4.

LOS ANGELES EXCHANGE

Prices Fall After Early Outburst of Buying Marks Several New High Peaks

Records scored in Tuesday's trading passed into history as speculative enthusiasm was carried forward to the opening yesterday on the Los Angeles Stock Exchange. By noon, and after several new highs had been established, trading turned easier and after some hesitancy values leveled to a steady pressure of profit-taking. Oil stocks, which dominated the trading, lost the ground gained earlier in the day and registered net losses, all of which, however, were less than 2 points. Fear of a general shake-out early in the afternoon were quickly allayed by the easy manner in which offerings were absorbed. The market was in an upward direction at the close.

ORGANIZED INVESTING
employs group judgment as its basic principle. An Advisory Council, consisting of men who are specialists in the administration of large institutional and individual securities accounts, examines and reports to you upon your holdings. The Council prepares a plan adapted to your individual requirements.

The aim of Organized Investing is to give constructive aid in building and maintaining a sound investment structure. Recommendations for purchase or sale of specific securities are not made unless requested by you.

There is no charge for the service.

Full information is contained in the booklet. A copy will be sent you on request.

PERIGORD
IN SERIOUS
CONDITION

U.C.L.A. French Teacher
Was Near Death But His
Recovery Expected

By a "Times" Staff Correspondent
PASADENA, Nov. 21.—Capt. Paul
McBride Perigord, head of the
French department of the University
of California at Los Angeles, has been
at death's door during recent
weeks as the result of a heart
affliction, it was revealed today.
His illness is said to be an
aftermath of hardships he endured
while serving in the French army
during World War.

under which he labored following
the recent death of his father and
mother-in-law, Dr. and Mrs. James
H. McBride.

Inquiries at the McBride home,
409 Belvedere street, where the
Perigords have resided since the
death of the nerve specialist and
his wife, elicited the information
that Capt. Perigord recently changed
his name to Capt. Paul McBride
Perigord in memory of his brother-in-
law, Lieut. James Aubrey McBride,
who was killed while serving in
France with the United States
Aviation Corps.

He said his wife have made plans
to take Dr. and Mrs. McBride's ashes
to France early in the spring and
scatter them on Lieut. McBride's
grave.

Arrangements for the funeral of
Edward J. Connelly, 71 years of
age, veteran character actor of the
stage and screen, will be completed
today. He died Monday night at
his home, 1731 Vista street, after
being stricken suddenly by influenza.

News of his death did not reach
Hollywood until yesterday, how-
ever, and came as a distinct shock
to his hosts of friends in the cinema
colony, which he joined in 1912. He
leaves a widow, who was at his bed-
side when he died.

Born in New York City, Connelly
started his career as a reporter on
the New York Sun in the Dana days,
and then took up acting. After
playing a number of featured roles
he leaped into fame opposite Edna
May in "The Belle of New York."
During his stage career he played
opposite Fritzi Schell, Naimova,
and others. His closest friend,
Frank Currier, also a former stage
celebrity, died some months ago.

Connelly began his screen career
in 1913 when he left the stage to
appear with Mary Pickford in "The
Good Little Devil." He appeared in
"The Four Horsemen" and all other
pictures produced by Rex Ingram.

For fourteen years Connelly had
been under contract to Metro-Gold-
wyn-Mayer as a featured player, the
oldest member of the company. He
held the record for continuous ser-
vice as an actor in any picture stu-
dio.

Brush Fires
Being Beaten

Fighters Aided by Wind Conditions in Drive
to Control Numerous Blazes

Brush fires which started in Los Angeles, Ventura and San Diego
counties Tuesday continued to resist the efforts of fire-fighting forces
throughout yesterday but, with wind conditions favorable, it was con-
sidered possible last night that they will be brought under control dur-
ing the night or some time today.

The fire which broke out in Brown's Canyon, northeast of
Chatsworth had burned over between 1200 and 1500 acres last night
but shortly after midnight County fire-fighters reported the situa-
tion improving. Only two or three "hot spots" remain to be subdued
before the fire can be considered under control.

Little Damage Done
No property damage of any con-
sequence was done. The fire had
gone through Brown's Canyon,
Devil's Canyon, and around Oak
Mountain in some spots coming
close to the highway through San
Susana Pass.

From the Ventura side, reports
last night said the fire which
started in Sitar Canyon off the
Upper Ojai was burning along the
Tops Topa fire but was under
control under control in some of the
lower areas. For a time it was
feared the fire might reach the
Thacher fire, but it died out
within a quarter of a mile of the
school. A large aviary was saved,

Los Angeles Times

THURSDAY MORNING, NOVEMBER 22, 1928. C

KEYES BATTLES CHARGES TODAY

Indicted Men Mass to War on
Jury's Findings

Demurrers to Make Attack
on Conspiracy Case

Exposures of Davis Cause of
Huge Sensation

A bitter legal attack on the
validity of grand jury indictments
charging Dist. Atty. Keyes and sev-
eral others with bribery and conspir-
acy will be launched today when the
eight defendants enter their de-
murrers before Superior Judge Ed-
monds at 2 p.m.

Plans of the battery of defense
attorneys to force the fight against
the bribe accusations before the ac-
tual trial, are started were com-
pleted late yesterday after an ex-
haustive study of the 260-page
transcript of the testimony heard
by the grand jury in finding the
true bills.

The sworn words of Harold L.
(Buddy) Davis, former chief de-
puty District Attorney, and the four-
teen other witnesses, released yester-
day with the arrangement of Keyes
and the others started attacks of
the District Attorney's office and
expressions of surprise and con-
sideration were heard from many
sources.

A reference to a "Judge Hahn"
made by Milton Pike, one of the
witnesses before the grand jury in
the bribery investigation, brought
demurrers from Superior Judge Ed-
mond F. Hahn yesterday.

Pike is credited with the state-
ment that "Judge Hahn called on the
Gettoff shop and telephone to Pol-
ice Captain Wallis."

After a study of the transcript Su-
perior Judge Hahn last night said
that he believed the witness was
confused in the identity of the per-
son. He expects to clear up the
matter by conferring with Pike, as
he is positive that he has never been
in the Gettoff shop, never knew
either of the former owner, and
has not called a member of the po-
lice department other than Chief
of Police Davis in the past three
years.

DEMURRERS SOUGHT
The concerted move against the
indictments in which attorneys for
the defense say they have found
legal flaws, will come with the filing
of demurrers in an attempt
to quash the findings before any of
the eight defendants has made their
initial "not guilty" plea.

Those to appear with Keyes in-
clude Benjamin and David Gettoff,
former operators of a tailor shop
used as a reputed meeting place
for the bribery conspiracy, and
accused as "pay-off" intermediaries;
Charles Riemer, confidential in-
vestigator for Keyes; Jacob Berman
alias Jack Bennett; Ed and Joe
Rosenberg, brokers, and A. I. Lasker,
former finance corporation official.
The latter four are accused
of supplying the funds for the
alleged fixing of the Julian cases
and the Lasker case.

LATER MOVES ATTACKED
The court skirmish today is not
a drive against earlier indictments
which charge Keyes and the others
with acts of bribery and which
go to trial on December 5
and December 12, but is a fight
against the two additional trials
which were subsequently found and
charged a conspiracy. The defense
attorneys say that all the in-
dictments are based on the same
evidence and that a favorable ruling
by the court on the conspiracy find-
ings will force a dismissal of the
bribery charges.

Preparations to oppose the defense
moves were made yesterday by Dis-
trict Atty. Keyes, named as special
prosecutor in the conspiracy case,
and his assistants, Attorneys Clark
and Stewart. They have announced
that they are ready to proceed to the
actual trial of the cases at the ear-
liest possible date, but that in-
vestigation of additional angles of
the situation, which have developed
since the publication of the grand
jury testimony, is being carried on.

In its session yesterday the grand
jury swung away from the inquiry
into the alleged bribery in the
trial of the cases at the
District Attorney's office, and was
concerned with investigating routine
matters.

The recent tomato fight between
students of the Pomona and On-
tario colleges.

Huntington Tax Checks Cause Flurry

Record State
Tax Bill Paid

Huntington Estate Hands
Over \$3,537,071.51

Government Receives Check
for \$2,319,682.30

Presenting of Huge Amounts
Creates Excitement

A check for \$3,537,071.51, repre-
senting the balance due for State
inheritance tax, the largest ever
paid in the State of California, was
paid to County Treasurer H. L. By-
ram late yesterday by executors of
the estate of the late H. C. Hun-
tington, traction magnate, who died
May 23, 1927, leaving an estate val-
ued at more than \$4,000,000.

After payment of the huge check
to the County Treasurer, another
one amounting to \$2,319,682.30 was
handed through the window of De-
puty Collector of Internal Revenue
Barnett at the Federal Building to
pay off the balance of the Federal

THE WEAKER SEX
What nearly always has hap-
pened in times of shipwrecks has
happened in this. The women sur-
vive the hardships and exposure;
the men die.

Mrs. Yachin Inouye and Mrs.
Barton were found by the crew of
the Wyoming with the bodies of
their dead husbands in their arms.
This is frequently true.

It may be that William Shake-
speare anticipated the answer
when he wrote "Macbeth." The
theme of that drama was that
Lady Macbeth, being a woman,
rose at once to the nerve
crisis of the first murder, drag-
ging along her less readily valiant
spouse; but after murder had
come to a matter of regular rou-
tine in the family she collapsed,
while Macbeth seemed to mind the
strain.

FEMININE NERVES
Richard Grant White, the
Shakespearean scholar, aptly il-
lustrates this truth in "Macbeth,"
by an instance. At the time of
the launching of the old frigate
Congress, a distinguished party
of society people was invited on
board. A salute of 104 guns, fired
at half-minute intervals, began.
In other words, cannon fired ev-
ery thirty seconds for nearly an
hour.

When the firing began the men
of the party showed every sym-
ptom of nervous irritability and
displeasure. The women looked
unperturbed and pleasantly excited.
Before the firing was completed
nearly every woman on board had
fainted and the men had ceased
to pay any attention to the firing.
Just as in a shipwreck, it is the
nerves of the women which jump
to meet the emergency.

GEORGE'S LETTERS
George Bernard Shaw has
returned to normal. He is having
a hot controversy with Gabriel
Wells, the collector, over the right
to buy and publish private letters
he has written to various people.

"If I write you a letter, surely
it is your property. That is com-
mon sense," protests the Ameri-
can collector who has bought
Shaw's letters by halves.

Unfortunately the law courts
are again Mr. Wells. The de-
cisions are to this effect: If you re-
ceive a letter, the paper and the
writing marks thereon are yours,
to be sold if you want to; but the
thoughts expressed are forever
the property of the writer and
may not be published without his
consent.

FIVE LINE FLEA REFERRED
App'ication of the Associated Oil
Company for permission to lay a
pipe line from the harbor frontage
to its tank farm at Watson station
was referred to the general man-
ager by the harbor board yester-
day. The Hancock Oil Company
application for a pipe line was ap-
proved.

GAS-SAVING PLAN OUTLINED
Committee Suggests Prorated Conservation in Long
Beach Field Till Surplus Declines

Tentative plans for the conservation of waste gas at Long Beach
were presented by a special subcommittee at the meeting yesterday of
the operators' general committee on gas conservation, working through
the Chamber of Mines and Oil.

This subcommittee, which has
been studying the situation at
Long Beach for the past month,
has made an estimate of gas pro-
duction and disposal in that field,
and reports that a surplus of gas
will exist until about October, 1929.

The present wastage of approxi-
mately 125,000,000 cubic feet of gas
a day is expected to continue for
about six months longer, after
which the surplus will decrease rap-
idly.

The committee offered a tenta-
tive plan for conservation based
on prorated use of gas production.
It believes that the wastage can be
cut approximately one-half, with-
out imposing undue hardship on
any operator. This would mean
the conservation of more than 60-
000,000 cubic feet of gas a day.

To do this the committee pro-
poses gas curtailment to the extent
of about 17 per cent. The opera-
tor, however, has the option of
saving this 17 per cent either

CONVICTS BRAND
KAFFER STORY

From Duke's Disclosed
in Sells Case

"Frame-up" Laid to
Promoting Witness

Charged With
Party Hold-up

Known in under-
ground as the "Iron Duke," ad-
mittedly a "frame-up" in the
case of a charge of robb-
ing a witness given by four
men from Polson
County Jail, Summer de-
clared in court today that he
was not the man who was
charged with a robbery.
He told them he had re-
ceived a letter from five
men in a County Jail term
of "two in and four out."
He also appeared as a witness
in the Sells case, now
pending in Polson
County Jail. Summer de-
clared that he was in
exchange for his
release from Sells and two
other men who were on the
same court adjourned.
The other convicts are sched-
uled to be called today as defense
witnesses.

ARE COMING!

Policemen Make Record for Gifts

Law Enforcers Prove Charity Spirit
One of the most enviable records of the present 1938 Community Chest campaign has been established by the Los Angeles Police Department: which, in subscribing \$7500.00, contributed \$7500.00 or all but \$2.55 in spot cash—no terms desired. Chief of Police Davis is shown tendering the department's collective check to Chester C. Ashley, chief deputy city controller, who is soliciting for the city employees' division, which is No. 16 in the Chest campaign organization, and is headed by Lieut.-Col. Alexander Chisholm.

ADVERTISING WOMEN WILL MEET TONIGHT

The Los Angeles Advertising Association of Women will hold its November program meeting in the Garden dining-room of the Women's Athletic Club tonight. Newspaper advertising will be discussed. Walter Pfaffenberger, assistant advertising manager of The Times, and Orlando Northcutt, assistant city editor of the Express, will be guest-speakers of the evening. Helon P. Coon, who has recently returned from an extended European tour, will give a resume of her trip abroad.

Motorcyclist Dies Following Crash

J. K. Brown, 35 years of age, of 2330 Cudahy street, Huntington Park, received a fatal compound fracture of the skull when his motorcycle collided early yesterday morning with an automobile driven by C. Jordan at Palm avenue and Hawthorne boulevard, Hawthorne. He died several hours later at a South Gate hospital.

RYLAND TELLS OF HOPES

Dr. Edwin Ryland expressed the hope that Community Chest work will engender a feeling of personal kinship on the part of the citizens of the community with all of the unfortunate in the world. Charles P. Butta, president of the Travelers Aid Society, briefly described the phases of their work which use to do with the large number of girls who are drawn to this city by motion pictures.

MOORE GATHERINGS

George Mosbacher, president of the Federation of Jewish Welfare Organizations, spoke briefly of his appreciation of the Chest. Other agency representatives included Dr. Oscar Reiss, president of the Child Guidance Association, Henry O. Winkler, president of the Jewish Protective Association, Mrs. K. Kashaya, president of the Japanese Children's Home, Miss Cornelia O. Stevenson, executive secretary of the Camp Fire Girls, and Mrs. Frank Schaffer, president of the Parent-Teacher Association.

LIST OF DONORS

Following is the list of donors giving \$500 or more as announced yesterday:
Shell Company of California, \$7500
Adolph Rabinovitch, Mrs. M. B. and Mrs. Mary Fouse, \$500
Mr. and Mrs. Benjamin Fisk, \$500
O. Cassali, Lumber Company, \$500
L. P. St. Clair, Mr. and Mrs. Robert O. Wolff, \$500
Samuel Bernhardt, Edward J. Bove, \$500
Bernard S. Bove, \$500
Mrs. and Mr. William A. Cassali, Robert J. and Co., Barnett Rosenberg and family.

PACKAGED LARD SALE RECORD SET

Seven months ago the Woodward-Bennett Packing Company placed on the market the first "packaged" lard. Their initial sale was thirty pounds to a retail grocer. Yesterday this same grocer purchased 10,000 pounds in one-pound packages, which is the largest individual sale on record of "packaged" lard to a retailer and is indicative of the expanding market for local industries.

CHEST WORKERS WAIT ZERO HOUR

Campaigners Told Goal Seen as Period Draws Near
Kerr Urges Supreme Effort and Determination
Total of \$1,720,312 Raised, Making 64.57 Per Cent

The hour for that last ounce of supreme effort and determination which can carry a difficult undertaking to a successful finish is at hand, according to the message given to Community Chest workers by Campaign Chairman Kerr at yesterday's report luncheon at the Biltmore.

"Quit frankly," said Mr. Kerr, "it begins to look as if the campaign will reach its goal this year. That doesn't mean, however, that there can be the slightest relaxation of vigilance on the part of any of us. I don't mean by this encouraging outlook that we can sit back and begin to breathe easily once more. I mean that this is the zero hour which requires the last ounce of energy from every one of us, for it is that final bit of effort which takes us to the last house on the last street in every district which will mean success for the cause."

The results of another day's work brought the campaign percentage up to 64.57 per cent yesterday. This means that to date \$1,720,312 has been subscribed, which leaves the drive \$229,776 short of the total of \$1,950,000.

HOLLYWOOD WORKERS LAUDE

Mr. Kerr also spoke of the excellent progress made thus far in the Hollywood district, which has a central division of its own. Of the \$75,000 quota for the district, \$69,94 per cent has been subscribed up to the present time. The splendid attendance at the report luncheon was pointed out by Kerr as the best evidence in the world of the sustained interest in the campaign.

Edwin M. Moore, vice president of the Community Chest, who presided during the first half of the meeting, re-emphasized the oft-repeated sentiment that it is a sacred duty on the part of every person who is amply supplied with this world's goods to take care of his neighbors who are in need. Among the heads of various Community Chest agencies who were special guests of the day, Mr. MacWaters, first introduced D. C. MacWaters, general manager of the Chest and head of the local chapter of the Red Cross. Mr. MacWaters expressed his gratification for the co-operation and confidence of the 131 Chest agencies and the 15,000 volunteer Chest workers.

Speaking for the Motion-Picture Relief Association, Frank Woods, chairman, said that the Community Chest represents a community spirit in Los Angeles and its relation to the motion-picture industry is a reality in a great civic education to the members of that industry.

Joseph Scott also expressed the thought that every one should bear in mind the fact that this work is a broad humanitarian enterprise for taking care of God's people, with no thought of creeds or differences of belief entering into it.

Speaking for the Motion-Picture Relief Association, Frank Woods, chairman, said that the Community Chest represents a community spirit in Los Angeles and its relation to the motion-picture industry is a reality in a great civic education to the members of that industry.

Seller Company to Lead World by Huge Merger

M. Soller & Co. have become the largest distributors of crockery, silverware and houseware in the world, according to an announcement yesterday, which told of the acquisition by this company of the Pacific Housewares Company and of Heyman Soller & Co. of San Francisco. The Pacific Housewares Company has operated jobbing plants in Portland, Seattle, San Francisco and this city.

At the same time it is announced that M. Soller & Co. have sold their hotel supply department in Portland, Seattle and Spokane to the Dohrmann Hotel Supply Company, which will without exception be the largest wholesale housewares field and operate only hotel supply plants and retail stores in the three cities mentioned and in a franchise, Oakland, San Jose, San Diego and Los Angeles.

In addition to the acquisitions announced yesterday, M. Soller & Co. will expand their eastern and foreign businesses. The firm now owns subsidiary corporations in Japan and Germany.

Rites Will Be Tomorrow for Auto Club Man

The funeral of Oliver W. Lewis, 35 years of age, department executive of the Automobile Club of Southern California, will take place tomorrow at 11 a.m. at the L. G. Soeven funeral parlors, 828 South Brand boulevard, Glendale. Lewis died suddenly at his home, 1230 East Schofield drive, Glendale, early yesterday morning.

A new type of healing ray light for medical uses had been perfected by Lewis and a partner just before his death. The promotion of the device was being arranged.

For thirteen years Lewis had been identified with the motoring organization. He started in the sign posting department, later becoming assistant manager of the touring bureau. He was in charge of the highway patrol service. He leaves his widow, his mother, and three daughters, the oldest of whom is 12 years of age.

Urgent Action Taken to Curb 'Flu' Epidemic

Urgent action to curb a possible influenza epidemic was announced yesterday by City Health Officer Parrish. Dr. Parrish stated that because a number of influenza cases were reported in the city every precaution should be used to prevent its spread, and that all those who have such symptoms as a bad cold, running nose or watery eyes should remain at home rather than appear upon the streets or attend church or the theater.

If these potential sufferers do not isolate themselves voluntarily, Dr. Parrish stated, his department will make a number of arrests and bring some test cases into the courts. "A warning to the public should be issued," he said, "that the closing lines of an announcement."

Officers Find Missing Girl

Detective Lieutenants Stevens and Wilson reported last night that they had found a girl who had been reported as missing by her mother. In a ward at the General Hospital, Helen Slater, 18 years of age, of 2249 West Twenty-eighth street, had been reported missing on Tuesday by her mother, Mrs. Maude Dele, of 609 West thirty-third street. She said her daughter had disappeared on the 13th inst.

LAW FIRM FORMED

Former Leader in Political Affairs in Missouri Locates Here
John M. Atkinson and W. H. Douglas of St. Louis announced yesterday that they have established a new law firm with offices in the new Title Insurance Building, and that they will engage in the general practice of law under the firm name of Atkinson & Douglas.

Gen. Atkinson is a former Speaker of the Missouri House and while in the Attorney-General's office drafted the Missouri Public Service Act. He also served as the first chairman of the Public Service Commission and was the nominee of his party for Governor of Missouri in 1920. Mr. Douglas has been engaged in private law practice in St. Louis for twenty-three years.

LODGE WOMAN DEAD

Rites Will Be Conducted Today for Mrs. Josephine Martha Patten.

Funeral services will be conducted at Pierce Brothers' chapel today at 2 p.m. for Mrs. Josephine Martha Patten, 63 years of age, of 203 North El Molino street, Alhambra, who died Monday. Interment will be at Odd Fellows' Cemetery.

Mrs. Patten was past matron of the Alhambra Chapter, Eastern Star, Past Grand Treasurer of Grand Chapter of California O.E.S.; Past Royal Matron of Aloha Court No. 22, Order of Amalgamated Eastern Grand Lodges; Past Grand Worthy Matron of Arbor Vitae, Rebecca Lodge, and a member of the Ladies' Auxiliary of Railway Conductors.

At the widow of Wallace J. Patten and leaves a daughter, Mrs. A. B. Cartwright of Alhambra, and two brothers, Otto J. and William R. Goss of this city.

There will never be assurance that the end of war is at hand while nations have anything left worth fighting for.—(Supreme Court Justice Dawling of New York.

CHURCHES TO LAUNCH NEW DRIVE

More Than \$500,000 Will be Asked Here to Boost Christianizing Work

Immediate campaigns to raise a total of more than \$500,000 for more aggressive Christianizing work in Southern California have been decided upon by the church extension boards of the Presbyterian and Methodist denominations. It was learned last night at headquarters of the Church Loyalty Crusade, which is sponsoring the interdenominational effort to stimulate church attendance and support in Southern California. The movement, it was indicated, might be broadened out to include several other denominations which have been taking part in the evangelistic phases of the Loyalty Crusade, including the Baptists and United Presbyterians.

Campaign totals already decided upon are \$300,000 for the Presbyterians and \$200,000 by the Methodists.

The three-fold aim for these special loyalty funds is: To establish new churches in previously unshowered or undershowered districts, but in no case to duplicate present efforts.

To supplement salaries of pastors in weak churches and provide more adequate leadership in these centers.

To reach the foreign and underprivileged population through Sunday-schools, missions and neighborhood houses.

The program of church extension work is spread over three years, and the financial campaigns are expected to be brief—ten days from December 8 to 17 being expected to be sufficient to raise the funds needed.

FOE OF WAR BACKS TALK WITH OFFER

Schomer Tells of Reward Waiting Any Disproving Theory as to Cause

A \$10,000 prize to anyone who can disprove the scientific validity of the thesis on "The Hidden Root-Cause of War" as expounded by Abraham S. Schomer was announced last night at the close of a banquet held in the Roosevelt Hotel in Hollywood by a group of scientists men and women, and economists of world fame.

Ernest W. Ties, Ph. D. dean, university college, University of Southern California, was the master of ceremonies, and said that details regarding the reward and a committee to handle the matter would be announced in a few days, as would the name of the donor of the award.

More than 100 persons gathered at the banquet to hear Mr. Schomer outline his discovery of the root cause of war and the scientific way to control and prevent war. He said that the object of war was to conquer and enslave and that the history of war was the history of slavery. He further declared that war was a problem of human intellect and not a problem of animal nature as was generally believed.

Miss Costello and Barrymore Keep Secrets

When and where they got married and by whom is nobody's affair but their own, according to word sent out yesterday by John Barrymore and Dolores Costello, who filed their notice of intention of marriage Tuesday.

At the United Artists Studio yesterday, Barrymore also let it be known that when and where his former wife, Michael Strange got her divorce from him is his own private affair and he is not going to tell.

Over at the Warner Brothers Studio where she is working, Miss Costello left word she does not want to see reporters.

Woman Found Dead by Hanging

Despondency over a long period of ill health caused Mrs. Anna M. Walter, 48 years of age, of 1022 E. 5th avenue, Compton, to take her life yesterday by hanging, according to the theory of officers who investigated her death.

SHADE MAN DIES

Services Will Be Conducted Today for Charles C. Hoyt

Charles C. Hoyt, 61 years of age, part proprietor of the Royal Shade Shop in West Park street, died suddenly Monday morning at his home, 1515 Dunsmuir avenue, following a heart attack. Mr. Hoyt came to Los Angeles from Wichita, Kan., nine years ago and established the shade business with his son-in-law, Paul Duke. He was a member of the First Church of the Brethren.

He leaves his widow and two daughters, Mrs. Ruth Lawrence and Mrs. Irene Duke. Funeral services will be held at the chapel of Brown's undertaking parlors, 1815 South Flower street, at 1 p.m. today.

BULLOCK'S

FLAT CREPE NAVY BLUE

\$13.50

The smartest fabric for afternoon and evening shoes—one of the smart shades for daytime costumes!

... fashion has stressed the importance of Flat Crepe in shoes... Bullock's has emphasized it over and again.

... the smart woman unerringly chooses Navy Flat Crepe Shoes to complete her navy afternoon ensemble. And invariably she comes to Bullock's for them for she knows how strongly Bullock's sponsors Flat Crepe Shoes. Two models sketched, \$13.50.

Section of Foot Fashions... Bullock's Fourth Floor Broadway 22 Days and 5 One o'Clock Saturdays to Christmas!

"What makes you so tired, Mother?"

Nerve strain and fatigue are relieved by these properly designed shoes that prevent and correct foot troubles

ARE you tired, worn-out at the end of the day? Too tired for the theatre, for dancing, for anything except restless slumber? Perhaps improperly shaped shoes are causing the trouble. Foot ailments do injure your entire system. They cause headache, nerve-strain, fatigue and other ailments even worse.

And foot-troubles usually are as unnecessary as they are undesirable. It isn't bad feet—it's bad shoes. Shoes that pinch or burn. Shoes that throw your weight forward on your instep. Shoes that bring on fallen arches and flat feet.

You can find in Ground Grippers the same relief from foot troubles that thousands of other men and women have found. These shoes are orthopedically correct. They are scientifically designed to help your feet. They prevent and correct foot ills caused by ordinary, faulty shoes.

Only Ground Grippers combine the following vital principles of the correctly built shoe:

1. The Flexible Arch, which allows the foot muscles to exercise and thus strengthen themselves with every step. This flexibility makes the shoe close-fitting and comfortable, easing the foot while assisting the arch to absorb the shocks of walking.

2. The Straight Inner Line, permitting the toes to function with free, strong, gripping action.

3. The Patented Rotor Heel which helps you toe straight ahead the normal, natural way.

Back of every pair of Ground Grippers are twenty-five years of promises fulfilled. Back of every Ground Gripper claim are the testimonials of thousands of satisfied wearers.

Try Ground Grippers today. Notice how they ease your feet. How foot troubles dwindle and vanish.

At the nearest Ground Gripper store in a man who will understand your feet and your shoe problems. Give him the chance to help you.

The Ground Gripper Flexible Arch allows foot muscles to exercise, strengthening themselves with every step.

Send for booklet and health chart.

SOCIETY

BY JUANA NEAL LEVY

Plans are fast making completion for the dinner-dance and pageant which the Assistance League is planning for Monday evening, December 3, in the Coconut Grove at the Ambassador, which promises to be an immense success both financially and socially.

The entire proceeds are to be devoted to the day nursery for the poor, as many additions and repairs there are much needed.

A number of charming matrons and debutantes are enthusiastically making their departments or committees more efficient than ever before, and included in these are the Bussan, Bryant, who is chairman of the flower committee, assisted by Miss Catherine Vall, Miss Helen Winnick, Miss Doreen, Miss Louise Janet, Miss Louise Mac, Miss Elizabeth McArthur and Mrs. Rhea Callender, while Mrs. John Eugene Johnson, Jr., is chairman of the cigarette committee, assisted by Mrs. Reginald Olds, Mrs. Nicholas Milbank, Jr., Mrs. Douglas Bundy, Miss Victoria Beyer Cotton and Miss Kathleen Chaffey.

Mrs. Sanford Wilson and Mrs. John Georgehan are in charge of the program and many other committees are being formed.

This is the first large philanthropy pageant which is scheduled for December, and among those who have reserved tables and are entertaining guests are Mrs. Edward Ferns Johnson, who will have tea guests, Mrs. Nathaniel Myrick, who will entertain eight guests, while her daughter, Miss Mary Myrick, is also having a table for eight; Mrs. Frank Gross, eight; Mrs. Ernest Albert Bryant, eight; Mrs. Allan G. Reich, eight; Mrs. James D. Jones is reserving a table for twenty; Mrs. Robert Bundy, eight; Miss Kate Winnick also will entertain eight guests and Mrs. Franklin E. Lane, Jr., six. Miss Katherine Melus is having a dinner, Mrs. Foreman a table for ten and Mrs. Harcourt Hervey twenty.

Mrs. Charles Will will have eight, and Mrs. Frederick W. Flint, Jr., four. Mrs. Boyd Stone, four, and Mrs. Otis Buckingham, two, while Mrs. Edward Sears will have eight, as will also Mrs. Walter Robert Simons and Mrs. Edward D. Roberts, fourteen.

Others entertaining are Mrs. C. L. Bundy, two; Mrs. Harry Gray, eight; Mrs. Bottelwell, four; Mrs. Dorothy Peron, six, and Mrs. Palmer Cooke, two. The entertainment is to be called the Pageant of the Stars, as many of the prominent stars of the screen are to be represented.

seated by popular members of the league, after which general dancing is to feature the evening's enjoyment.

Church Ceremony

St. John's on West Adams street at Figueroa was the setting chosen by Miss Edna Louise Rowe for her marriage last evening to James McCarthy. The ceremony, presided over by Dr. George Davidson before a large gathering of friends and relatives. The church was beautifully decorated with masses of great chrysanthemums and ferns and foliage, myriads of tall cathedral candles lighting the altar and chancel and also forming an aisle down the center of the church.

The bride, given in marriage by her father, was most attractive in a gown of ivory satin fashioned in princess model with court train and ruffles of duchesse and rose point lace outlined with pearls, and she carried orchids and lilies of the valley.

Miss Harriet Andrews, maid of honor, was in pale orchid, while Mrs. James Worden Roberts (Vivian Deardorff) matron of honor, wore a deep orchid frock.

The other attendants, Mrs. Kenneth Colburn (Julie Rounds), sister of the bridegroom; Miss Alva Woodhouse, Miss Catherine Tilden and Miss Frances Jameson, wore bouffant gowns of taffeta and tulle in green, pink, blue and yellow, respectively, with satin slippers to match their frocks and tulle hats to match with their sequin trimmings.

Kenneth Colburn served Mr. Rounds as best man and Bernard Graves of Riverside, Carroll Menzies, Felix Chappell, John Huwa, Jr., and Harold Walters acted as bridesmaids.

A reception and wedding supper followed at the home of the bride's parents, Mr. and Mrs. John William Rowe, 314 Mulholland Road, after which Mr. and Mrs. Rowe left for their honeymoon. They will return about December 23 to make their home here.

Presiding the ceremony Miss Harriet Andrews sang "The Hand of You" by Carole Jacobs Bond, and "All for You" by Bertrand Brown.

Mrs. Rowe, who with her parents formerly made her home in San Antonio, Tex., is a alumna of Mills College, and was also graduated with honors from University of Southern California, where she is affiliated with Kappa Alpha Theta.

BRIDESMAID WILL BE HOSTESS

Bridge and Linen Shower Arranged

(Tycho Ambassador studios) Miss Evelyn Farnsworth

ONE of the lovely affairs of the week will be the luncheon, bridge and linen shower with which Miss Evelyn Farnsworth will entertain Saturday afternoon at the Beverly Wilshire in honor of Miss Marion Johns, fiancée of James Jones, whose wedding will be an event of the 28th inst.

Miss Farnsworth is to be one of the bridesmaids at the ceremony.

Scourity and is a member of Junior Kappa.

She passed a year traveling around the world and through Europe. Mr. Rounds is the son of Mrs. Fred Childs Rounds of 790 Prospect Boulevard in Pasadena, was a student at Culver Military Academy before going to Cornell University, from which he was graduated, and is affiliated with Beta Theta Pi Fraternity.

Recalls Invitations

Mrs. Earl Webster Huntley of 435 South Irving Boulevard has recalled her invitations for the luncheon, bridge and linen shower which she planned to entertain Tuesday afternoon, the 27th inst., in honor of her aunt, Mrs. George William Martin.

"I am in better in the family," Mrs. Huntley is postponing the tea until after the holidays.

Guild Bazaar

Mrs. Marshall Laird, general chairman of the women's guild and studio bazaar, to be held in the William Horsley studio tomorrow and Saturday, has announced the following chairmen of the various booths: Mrs. Enoch E. Eastman, fancy work; Mrs. Kels Hall and Miss Abbot Seymour, assisted by Mrs. Olga Brown and Mrs. David Horsley, refreshments; the Misses Winnifred and Elsie Walsen, luck apple barrel and cactus plants; Miss Lucy Fox, fish pond; Miss Margaret McCrea, doll house; Mrs. Arthur H. Wurtele, books and art; Mrs. Katherine Baird Sullivan, assisted by members of the choir, entertainment; the Mexican polychrome art booth, Mr. Borboas; an authentic Mexican astrologer, W. Gregory Smith, horoscope and fortune telling, assisted by Mrs. Huey and others.

A splendid array of beautiful gifts, including many valuable works of art, will be offered at the bazaar on both Friday and Saturday nights. Motion pictures, a street singer, a clown and a program of entertainment promise to make the afternoon and evening pass pleasantly for the patrons.

HOUSEHOLD SUGGESTIONS

A Help in Winter

Did you know you can bake potatoes on the ledge inside the furnace and that it is a splendid help when going out all afternoon to have your stater all ready for dinner upon your return?

Early on the Foot

One woman who does a great deal of home sewing has the treadle of her sewing machine carpeted with a piece of old carpet. She finds it a great comfort when much stitching is to be done.

THE YEAST CAKE

A fresh yeast cake will keep for several days in a dry corner of the refrigerator. Never put it directly on the ice and be sure to keep it wrapped in the tinfoil. If the yeast is too soft to handle it is not good to use.

Good for the Hair

If the idea does not bother you, a little castor oil massaged into the scalp once a week is very good for the hair and is said to arrest grayness.

Beaded Work

To string small beads on silk before knitting a necklace or beaded bag, lay the end of the thread on which the beads come on the end of the silk thread. Fasten carefully together with a little glue. Let dry and then slide the beads from the thread to the silk.

The Miniature Dairy

A wooden box outside the kitchen door with a lid on hinges, is a splendid little house for the milk until you arrive downstairs to take it. It keeps it clean and out the sun or stormy elements until you place it in the refrigerator.

HEALTH AND DIET

ADVICE

By Dr. Frank H. Coy

Editor of The Los Angeles Times

Dr. Coy will answer personal questions on health and diet, addressed to him, care of The Los Angeles Times. Before sending, address envelope for reply.

CHLORANAL. DEAFNESS

Practically every case of deafness not resulting from accident can be at least be partially cured by dietary measures. Complete deafness does not come on suddenly without warning, as there is usually a gradual loss of the sense of hearing covering a period of several years before one becomes conscious that he cannot hear as well as his friends.

There are a few cases where the eardrum has been ruptured or some other portion of the hearing apparatus destroyed by accident; there are also a few cases where the sense of hearing is interfered with by a retention of wax in the external ear passage, and caused by a chronic state of engorgement of the tonsils, which may produce deafness, and the inflammation may spread to the middle ear.

The eustachian tubes leading from the middle ear, but by far the greater number of all cases of deafness are the result of chronic catarrh. I believe that over 90 per cent of all cases are caused by chronic catarrh.

An unusually severe cold in the nose and throat may cause such a change that it seems as if the deafness comes on quite abruptly, which is seldom true, as the chronic state of catarrh preceding the cold had been developing for a long time. The eustachian tubes leading into the ears have been slowly becoming more and more filled with mucus until finally only a cold was needed to cause the passage to stop entirely. Local treatment from your physician, in removing the wax from the external ear and the use of the eustachian tube, will prove helpful in many cases, but you must remember that the condition of your trouble and endeavor to remove this by the proper dietetic and fastidious measures.

In most cases the orange juice fast will bring a quick relief from the annoying throbbing and in some cases hearing is restored in a remarkably short time. Of course, this cannot be expected in those cases which have existed over a period of years since the deafness of the inner ear have undoubtedly become thickened by the chronic inflammation.

If the trouble is purely catarrhal, one must not only avoid the starches but should leave out the oils and fats for a considerable period of time. Even the use of milk may retard a recovery. Remember that the blood stream must be cleared of its accumulated toxins.

It must be literally starved of the mucus or acid-forming foods for about a year before the eustachian inclination will disappear altogether. In many cases osteopathy or other manipulations of the neck are helpful in addition to the fastidious regime.

It is a striking fact that while those with catarrhal deafness always improve on a fasting and diet regime, they often do not realize the change which is taking place. They are so used to not hearing well, and are often discouraged when they are actually being cured, unless certain hearing tests are made and they can be assured of improvement. During the last few years some fine testing instruments have been devised and cures are more numerous because a patient seeing a report of these tests is willing to remain on a careful diet over the long time necessary to effect a cure.

One who is deaf should not give up hopes of having his hearing restored until he has tried this method persistently.

QUESTIONS AND ANSWERS

CORRECT BLOOD PRESSURE

Question: Ralph J. asks: "What, as a rule, is the correct blood pressure of a man 60 years of age in good health?"

Answer: The correct blood pressure of a man 60 years of age in good health is 100 systolic and 60 diastolic. Many thanks for your information and advice.

SUN LOOKS GOOD TO CHARLOTTE

Actress Arrives for Appearance Here

Charlotte Greenwood

CHARLOTTE GREENWOOD, who first came into fame as a comedienne in the old Morosco musical comedies in this city, arrived here yesterday from the East, for a one-hour delay in the arrival of the train which brought her only increased her impatience to get to the land of sunshine, for the delay had been caused by blizzards.

She has just completed a long vaudeville tour and comes here to be a star in a Fanchon and Marco presentation at Loew's State Theater. At the conclusion of her local engagement she will appear in the same production at the Warfield Theater in San Francisco.

Drive Started to Keep Liquor From Students

Spurred by reports of a sweeping Federal investigation disclosing conditions in Chicago in which certain bootleggers specialize in the widespread sale of intoxicants to high-school students, Deputy Chief Plummer, head of the local vice division, yesterday started a campaign against such law violators here.

The campaign opened with the arrest of James A. Lund, 26 years of age, at 3917½ Menlo avenue, yesterday morning. According to the report of the vice-squad officers, eighty-eight quarts of beer were found in Lund's house and garage. The arrest was the result of complaints that many students of the University of Southern California and Manual Arts High School were among Lund's clients.

IMPROVEMENTS OCCUPY COUNCIL

New Proceedings Started on Lankershim Work

Abrigo Avenue Assessment Map Confirmed

Colorado Boulevard Light Protests Denied

The Council yesterday abandoned the present proceedings for the improvement of Lankershim Boulevard between Burbank Boulevard and the river, but immediately instituted steps for the work under new proceedings. The assessment district map for the improvement of Gates street, between Abrigo avenue and Minnesota street, was confirmed, while the confirmation of the widening of Los Feliz Boulevard at Brunswick avenue was continued until December 5.

Hearing of protests against the improvement of Laurel Canyon Road between Mulholland High Way and Lookout Mountain Road was continued until December 5; the protests against the lighting of Colorado Boulevard between Vincent and Maywood avenues were denied, while the lighting of Pasadena avenue between San Pascual and York Boulevard was abandoned.

The Council today will hear protests against the confirmation of assessments for the improvement of Highland avenue between Melrose avenue and Wilshire Boulevard, and protests against the vacation of Fountain avenue between Edgemont street and Alexandria avenue. Protests also will be heard against the improvement of Third street between Western and Vermont avenues, the improvement of Hudson avenue between Hollywood and Sunset boulevards, and the improvement of St. Andrews Place between Manchester avenue and Eighty-third street.

CHARGES OF THEFT WILL BE REDUCED

Court Fails to Discover Proof Asserted Larceny Meets Law's Limit

Grand theft charges against Ernest C. Matlock, 35 years of age, of 2014 West Eighth street, accused by Mrs. Frank Borge, wife of the film director, and her mother, Mrs. Helen Rogers, 729 North Manhattan Place, of getting \$800 worth of household effects from Mrs. Rogers with which to furnish a mansion for Matlock and Mrs. Rogers to live in after they were married, will be dismissed by Municipal Judge Baird today, he indicated yesterday. Judge Baird stopped the preliminary hearing and advised the complaining witnesses to obtain a complaint charging petty theft against Matlock. Charges between Borge and Rogers were dropped.

Although Matlock was accused of obtaining goods to the value of \$800, Dep. Dist. Atty. Kearney was unable to prove that the amount taken at any time was worth \$200 or more, the amount necessary for a grand theft charge. Judge Baird stated in halting proceedings, with Matlock when he was arrested in his apartment was his wife of a few weeks.

Mrs. Borge and Mrs. Rogers later were out a petty theft complaint before Deputy City Prosecutor Chotiner, on which Matlock is expected to be arraigned today before Municipal Judge Wilson.

WOMAN DIES WHEN HIT BY AUTOMOBILE

Sisters Become Confused in Heavy Street Traffic at Rampart Corner

Struck by an automobile driven by O. E. Moreland, president of the Western Drop Forge Company of Vermont, as it neared 401 South Rampart street, Miss Alvida Richards, 412 South Rampart street, was almost instantly killed, and her sister, Mrs. Capitola Massaud sustained minor injuries to her left knee.

The injured women were taken immediately to the Georgia-street Receiving Hospital, where Richards was dead on arrival. In the car with Moreland was William Lacy of 403 Mulholland road, who is president of the Lacy Manufacturing Company.

Following investigation by Detective Lieutenants O'Brien and Wilson it was intimated that Moreland and Lacy will not be held as no blame attaches to them.

The trip to Los Angeles yesterday, she encountered a young man leaving it. She darted after him and he started to run. After a chase of three blocks he was stopped and held until the arrival of Detective-Lieutenant Harrah.

The young man, who described himself as Robert G. O'Day, a salesman, of 4083 Lockwood street, was held on a charge of suspicion of burglary when Miss Carroll asserted that her purse, which was picked up on the street after the chase, had been dropped by him.

ANCHORAGE FEES SCORED Investigation of the anchorage fees being charged by the California Yacht Club in the yacht anchorage area in Wilmington was delegated to Commissioner Spear yesterday by President Allen of the harbor board.

TABLEWARE DISCUSSED IN LECTURE

Bullock's Speaker Tells Proper Use and Setting of China and Linen

BY OLIVE GRAY An eagerly interested assemblage listens daily to the table talks at Bullock's, where Mary King Hunter is expounding correct table setting and proper usage of linens, china and glassware for all festive occasions.

The use of color in table setting and especially in fine linens and damasks, is particularly stressed, each color carefully supplemented by beautiful china, glass and decorations, chosen from the import shops of Bullock's, which are replete with these lovely objects. Tables for breakfast, dinner, banquet, for refectory, for luncheons, formal and informal, and for tea out-of-doors all are presented. The lectures by Mrs. Hunter are explanatory of proper use of linens and wares for these occasions.

Notable is a table in amethyst damask of marvellously fine weave, the glass and china supplementing this happy color plan. A table in amber, with contrasting damask, was shown; one in green, another in white with hand-embroidery in a sunny tone; printed linens, whose floral coloring outside the wares in similar designs; tables seasonal, decorations drawn from the fruits, flowers and berries appropriate to each season. All are carefully inspected and receive favorable comment from the audience, before and after the lectures.

A marvelous banquet cloth, in Italian lace, the prize piece chosen as an exemplification of trust lace artistry, is suspended against the wall of the auditorium, where all may study the exquisite workmanship in needle-point, Burano and other lace work peculiarly the art of Italy. Valued at about \$50,000, this museum piece is truly priceless from an artistic standpoint.

Viewing the tables in the Christmas spirit, not only are they each and every one fraught with fine suggestions for holiday hospitality, but not an object shown but would form a welcome gift to any home-lover. A set of Stueben glass; or one of those finely carved rock crystal sets from Sweden; or a coterie of plates from Italy; or best of all, perhaps, one of the satin-like damask table cloths; or an object of modern art for center piece, or as incidental table decoration—anything shown upon any one of these handsome tables would form a gift acceptable, and one unquestionably correct in mode and in taste.

The lectures will continue throughout the week, on Thursday at 11 a.m. and at 2:30 p.m.; on Friday at 11 a.m. and 2:30 p.m., and on Saturday at 11 a.m.

ZUKOR EN ROUTE HERE

Paramount President Will Arrive Sunday For Month Stay

Adolph Zukor, president of Paramount Famous Lasky, will arrive in Hollywood on the 25th inst., to remain a month for a study of producing facilities and for conferences with Coast executives pertaining to the future plans for sound and dialogue pictures.

The trip is Zukor's second this year. He spent a fortnight here last March when he made an inspection tour of the Paramount plant. The conference locally will be headed by B. F. Schulberg, general manager of West Coast production. Mrs. Zukor is accompanying Zukor for her first visit to Los Angeles since 1915. They will stop at the Ambassador.

REAL ESTATE MAN'S ACTION MISSTATED

Through inadvertence it was stated in a recent report in The Times on bankruptcy petitions that W. A. Winslow, real estate operator of Lawndale, had filed a petition in bankruptcy, when it should have stated that Mr. Winslow was appearing as guardian for J. M. Reynolds, known as Ralph R. Reynolds, an asserted incompetent. Mr. Winslow merely filed the petition on the part of his ward. The petition was filed in the United States District Court.

SANTA BARBARA CHILDREN HIT

One Dead and Two Injured in Three Accidents

Motorcycle and Car Crash Kills South Gate Man

San Bernardino Collision Ends Life of Student

SANTA BARBARA, Nov. 21.—One child is dead and two others are seriously injured, one perhaps fatally, as the result of three accidents here.

The dead child is Carolyn Smith, 17-months-old daughter of Mr. and Mrs. Robert E. Smith, who was run over by an automobile driven by Mrs. Samuel Ballwill, a neighbor, Mrs. Ballwill was backing her automobile out of the driveway and did not see the child.

Richard Palmer, 16-year-old son of Mr. and Mrs. O. Randolph Palmer, received a fractured skull when his bicycle was struck by an automobile driven by Mrs. A. C. Bond.

Sylvester Moreno, 13, may die of a fractured skull sustained when his bicycle swerved in front of an automobile driven by Mrs. O. C. Bond.

MOTORCYCLIST DIES FROM CRASH

SOUTH GATE, Nov. 21.—Fatally injured when his motorcycle collided with an automobile near Inglewood at 10:30 last night, Joseph E. Brown, 27 years of age, died at 4 a.m. today in the Suburban Hospital here.

The automobile was said to have been driven by Cecil F. Jordan of Inglewood and Brown was thrown through the windshield in the crash. Brown lived with his mother, Mrs. Bertha Brown at Walnut Park.

CRASH CRUSHES SKULL IN SAN BERNARDINO

SAN BERNARDINO, Nov. 21.—Confused as to directions while on route here to see a friend, Robert Harbort, 21-year-old Pomona College student, was fatally hurt yesterday when his car was sideswiped by a machine driven by Sam Glass of Ontario, at Mt. Vernon avenue and P street, Colton. Harbort died at the County Hospital four hours later without regaining consciousness. His skull was fractured when his car overturned.

Glass's car in which Judge Warner of Ontario was a passenger, was slightly scratched. Harbort leaves his parents, Mr. and Mrs. Mark Harbort, 649 East Pasadena avenue, and a sister at Delano, Tex.

Harbort was the fifty-sixth man killed in traffic accidents in San Bernardino county this year.

Governor Names Commissioners for Valley Fair

EL CENTRO, Nov. 21.—Acting on recommendation of the Imperial County Board of Supervisors, Gov. Young has appointed a commission of eight members to act as sponsors of the Imperial County Fair. The Supervisors yesterday requested the newly appointed board to meet with them on December 3 to consider plans for future fair programs.

The annual meeting fair, which has been held at Brawley for seven years, will be omitted this season but civic leaders here and in other valley towns have urged the Supervisors and special commissions to revive the winter exposition next year.

Those named on the fair board are Tom Anderson, Calexico; Leo Heston, El Centro; George Bailey, Calipatria; Denny Carey, Brawley; A. V. Freile, Imperial; F. A. Willard, Holtville; Sam Rose, Westmoreland; and Sam Robinson, Holtville.

Protests Asked Against Removal

EL CENTRO, Nov. 21.—W. W. Moore of this city, chairman of a special committee named by the Imperial County Farm Bureau to work for the continuation of the Midland Environmental Farm, has asked all civic organizations in the valley to forward resolutions to State agricultural authorities protesting against the proposal to discontinue the farm.

Discussing the situation today, Moore said:

"The experiment station has done especially fine work during the last year, but it has always been handicapped by lack of funds. Now it seems there has been talk of discontinuing the station and carrying on the experimental work from Riverside, Davis or Berkeley. It seems difficult to see the idea across that our conditions here are so different that work done from a distance is not effective. In this new community who's devoted to agriculture, it requires no argument to see that experimental work is tremendously important."

GUILT CONFESSED BY MURDER SUSPECT

SANTA BARBARA, Nov. 21.—Edward Hogan pleaded guilty to the murder of Manuel Nunes near Los Olivos last January when he appeared before Superior Judge Crow today. He will be sentenced next Friday. Hogan at first contended self-defense but broke down when confronted with evidence of the crime he pleaded guilty. Nunes was the son of a wealthy Santa Barbara rancher and had ridden with Hogan on a drive from San Francisco to Los Angeles.

APPLE CROP IN YUCAIPA ALL PACKED

Cold Storage Plants Well Filled With Fresh Fruits and By-products Plentiful

YUCAIPA, Nov. 21.—F. R. Davis, manager of the Yucalpa Valley Fruit Company, operating the largest apple packing-house in the valley, says that the pack has been completed with its cold-storage house and several in Redlands and San Bernardino. Davis said the company will produce this season between seventy-eight and eighty tons of dried apples. The greatest previous annual production was fifty-three tons. His hundred tons of fresh fruit were required to make up the balance.

Packing is over, but two more days will be taken up in the drying plant. The firm has 34,000 boxes of apples in storage here, and more in Redlands and San Bernardino awaiting improved market conditions. The market for dried fruit, on the other hand, has been good. Davis said the company doubled its sales this year, due partially to installation of new filtering and pasteurizing equipment. Pasteurization of cider increases its lasting qualities. More than 14,000 gallons of vinegar is in the tanks ready for production.

Senator Says Indians Need Improved Care

SAN GABRIEL, Nov. 21.—Numerous changes must be made to obtain better care and education for the Indians and deplorable situations at several reservations must be remedied, he was declared here today by Senator Francis of North Dakota, chairman of the Senate Committee on Indian Affairs and leader in the investigation of the Indian Bureau.

Senator Francis arrived here yesterday to visit his sister-in-law, Mrs. Leonard R. Francis, who is the wife of the late Senator Francis of Oklahoma, and they will visit the Sherman Indian Institute at Riverside.

UPLAND HONORS MASON

Oldest Living Past Master Given Silver Travel Memento

UPLAND, Nov. 21.—George P. Smith, oldest living Past Master of the local Masonic lodge, was honored at an annual past masters' night observance here, being presented with a silver travel memento. The observance was held at the home of William Lamaster, Master of the lodge.

Of the twenty-two charter members of the lodge four were present. Past Masters who occupied the chairs for the evening were E. E. Skidmore, W. W. Mathis, E. C. Mabel, Morris Brynola, Herman Cordes, W. B. Farmer, Earl Hawthorne, George P. Smith, J. L. O'Connell, F. R. Dagg and J. C. Bushey.

PASADENA NAMES THOMAS

PASADENA, Nov. 21.—Franklin Thomas of the California Institute of Technology, former president of the Chamber of Commerce, has been selected to represent this city on Saturday in the meeting which is expected to result in the formation of the Metropolitan Water District. The meeting, which will be attended by representatives of the Southern California municipalities, will be held in the new City Hall council chamber.

AGED CALIFORNIAN DIES

Mrs. Espinosa, Born in Los Angeles in 1824, Expires at Her Home in Riverside

RIVERSIDE, Nov. 21.—Funeral services were conducted from St. Francis de Sales Church this morning for Mrs. Epifania Espinosa, 104 years of age, one of California's oldest native daughters. She was born in Los Angeles on October 18, 1824.

The correctness of the figures is attested by Mrs. Espinosa's baptismal certificate, issued by the fathers of the old Plaza Church. Although her mother and grandmother also were native of California, Mrs. Espinosa's father was born in Spain.

The family, prior to the American

SCHOOL CHANGES PLANNED

Edwards of Orange County Says He Will Offer Bill to Legislature to Relieve Educational Problem

NEWPORT BEACH, Nov. 21.—A new section of the political code of California, designated as 17335 and providing means for elementary school districts to withdraw from city high school districts will be introduced in the coming session of the State Legislature by Senator Edwards of Orange, it was disclosed last night at a meeting of the joint Newport Beach-Costa Mesa high-school committee held at the Newport Harbor Yacht Club and attended by Edwards.

The section will be a counter-part of the present Section 17334 which provides for the withdrawal of elementary school districts from union high-school districts. Because the Santa Ana High School district is a city district, and not a union district, the new section is necessary to enable the Newport Beach and Costa Mesa elementary districts to form a separate high-school district.

Edwards agreed to introduce the bill following a discussion and explanation of the legal and other aspects of the school education move by Attorney Leroy Anderson of Costa Mesa, George C. MacLeod, secretary of the Newport Harbor chamber, and Wallace, Newport Beach banker, and others.

The committee also voted to send Wallace, Anderson and MacLeod to the Legislature to urge the passage of the bill during the session of the Legislature to aid Edwards and Assemblyman Craig of Brea.

MacLeod was designated to represent the Newport Harbor chamber at a meeting of the Santa Ana School Board with members of the Costa Mesa and Newport Beach grammar school boards Tuesday evening in Santa Ana, an invitation having been extended by the Santa Ana board. It was indicated that the school trustees of both districts would attend, as well as other delegates.

Franchise Sold Over Protests in Fullerton

FULLERTON, Nov. 21.—In the face of a barrage of protests from the Anaheim Union Water Company and private citizens, the City Council yesterday sold a franchise for a water and gas pipe line on Cypress avenue to the Union Oil Company for \$100,000, as a result of a 3 to 2 vote of the council.

The franchise was sold contingent upon the oil company agreeing to give the city certain rights and benefits in return for the sale. The amount of water and the use to which it will be put.

In the agreement between the oil company and the city, upon which the granting of the franchise was made contingent, a reservoir to be built on the highest point in the city and a dam will be made available to the city for emergency fire protection.

Death of Wife Brings Collapse

SAN DIEGO, Nov. 21.—Distracted by grief over the death of his wife, Mrs. Louis Rogers, who was killed Saturday night by the automobile of Byron Gilchrist, the Los Angeles resident, Albert Rogers collapsed on the witness stand at the inquest in the Smith, Goodbody & Dunn funeral parlors this morning.

Tree Planting in Montebello

MONTEBELLO, Nov. 21.—The City Council has passed a resolution of intention to beautify the streets by planting of trees. The action was endorsed by the Chamber of Commerce.

The tree-planting commission has presented a list of trees and streets on which they are to be planted.

The members of the tree-planting commission, consisting of Harry Morita, Roy F. Wilson, Fred Howard, Charles Porter and W. O. McMillan, have spent several months on the problem. The trees will be planted uniformly throughout the length of the street, and they will be cared for by the city for three years.

CHINO POSTMASTER RESIGNS POSITION

CHINO, Nov. 21.—Resignation of J. B. Fugate as postmaster here was in the hands of postal authorities today, and speculation regarding his successor is being made.

HUNTING TROPHIES STOLEN

PASADENA GLEN, Nov. 21.—Hunting trophies valued at more than \$1000 and silverware worth about \$800 comprised the plunder of burglars who ransacked Dan M. Wood's mountain lodge during the absence of the owner.

RESERVE OFFICERS PLAN REORGANIZATION

GLENDAL, Nov. 21.—Reorganization of the local chapter of the Reserve Officers' Association was launched last night when Lieut. M. B. Towman, Air Reserve, was elected president. Capt. Fay Stone, Dental Reserve, first vice-president, and Capt. H. C. Smith and Lieut. Roger J. Tighe, second vice-presidents. The local chapter was disbanded over a year ago when its members joined the Los Angeles group, but with the plans for establishment of chapters in as many cities as possible approved by the national headquarters, the chapter here has been reorganized and will at once start a campaign for new members among the 230 reserve officers who reside in this district.

WHITTIER CHORUS IN CONCERT

Tenth Season Opens With Ralph Patten Directing for Prof. Hockett

WHITTIER, Nov. 21.—The tenth annual season of the Whittier men's chorus was inaugurated last night when they presented the first of a series of three concerts in the auditorium of the Jonathan Bailey school. The chorus is composed of business and professional men of the city and is backed by a sustaining membership of more than 300 persons.

Prof. Howard L. Hockett, head of the department of vocal music at Whittier College, organized the chorus ten years ago and has conducted it ever since. He was continuously directed until this concert when illness prevented. Ralph L. Patten directed last night, and the singing artists were Don Virginia, soprano, and Don Novis, tenor. Arthur B. Hittchcock, piano.

Referring to Whittier College, was the accompanist. The second concert is scheduled for February 19, and the closing concert will be March 1.

La Habra Lets Road Contractors

LA HABRA, Nov. 21.—Contracts for street improvement work awarded last evening by the City Council will total almost \$35,000, and provide for paving practically the entire street area of South La Habra, including East First, Second and Third streets, South Main, South Aldrich and South Bright streets. Southwest Paving Company of Los Angeles bid \$28,115.60; drainage, \$1,044.90; and miscellaneous, \$5,839.50.

Ice Tongs Slay Iceman in Freak Street Accident

PASADENA, Nov. 21.—Struck by a 300-pound block of ice and impaled on his ice tongs, Chester Wheeler of Los Angeles, employed by the Victor Ray Ice Company, was killed today in a freak accident on the streets of Pasadena.

Fullerton Man Shoots Himself

FULLERTON, Nov. 21.—Claude E. Herzhberger, 44 years of age, father of William Herzhberger, local high school athlete, committed suicide in his home at 2:30 a.m. today by shooting himself with a shotgun.

He had been dependent for several weeks, it was said, brooding over financial worries. Residing in the bathroom of his home, Herzhberger is said by police to have pointed the gun at his breast while seated on the edge of the bathtub. The trigger was pushed by means of a cane. Death was believed to have been instantaneous. No note or indication of the impending act was left. No inquest will be held.

ONTARIO PREPARING FOR REALTY BANQUET

ONTARIO, Nov. 21.—Preparations are being made by members of the Realty Board here for reception and entertainment Saturday night at Hotel Ontario of Henry Zander, president of the National Real Estate Association, who has chosen this city as one of the four California cities he will visit on this trip to the Pacific Coast. All realty boards of the fourteenth district of the California Real Estate Association plan a mass reception in his honor, featured with a banquet and speaking program. Glenn Williams, secretary of the association, and State realty officials will be present.

ESCAPED PRISONER SUSPECT ARRESTED

SANTA BARBARA, Nov. 21.—James Clark, 24 years of age, said to be an escaped Leavenworth prison convict, was apprehended today by Capt. Burnham and Detective Lieutenant Cull as he was camping in the Tule swamps near the railroad tracks. Clark, who is wanted on charges of violation of the Dyer Act, admitted that he was wanted at the Kansas Federal penitentiary.

Officers arrested Clark as they were making a round-up of vagrants in the swamp area. He is said by officers to have served two years of his term in the penitentiary before his escape from a river gang.

SUSPECT TAKEN BY DETECTIVES

Arrest Swiftly Made in Haugen Murder

Identity of Prisoner Held Back by Officers

Clews Sought in Killing of Gas Station Man

SAN DIEGO, Nov. 21.—While detectives were searching the city for additional clues in the murder of Charles E. Haugen, 35-year-old service-station attendant, shortly before 8 o'clock last night, a suspect, whose name was being withheld, was being questioned at police headquarters.

Haugen was found lying in his service station at Chalmers and Indis street by C. A. Spelakos, who drove into the station for gasoline. The suspect, police say, was arrested by Detective Roderick at 1 a.m. today, when the license number of his car was traced as one having been seen near the scene of the murder earlier in the evening.

Haugen was killed while waiting for an attempted robbery in the early hours of the morning. The theory held by police, Coroner Kelly and Dr. J. J. Shaw, county autopsy surgeon. The latter revealed that a copper-jacketed bullet, believed to be of .25-caliber, entered the head at the left ear and penetrated the brain.

Evidence that Haugen was beaten with a blunt instrument, presumably a club, was revealed by an examination of the scalp and head. There were two lacerations on the forehead, another on the back of the head and a wound over the left ear.

Irrigation Cost for Year Less Than Last Time

EL CENTRO, Nov. 21.—Imperial Irrigation District's budget for 1929 will amount to \$2,986,700, with more than one-third of this sum required to meet bond interest and principal, according to estimates adopted by the board of directors yesterday. The 1928 budget amounted to \$3,067,500.

Distribution of water is the largest item in the costs of operating the district, amounting to \$1,169,000, according to next year's estimate. Interest on the \$18,500,000 bonded debt will amount to \$604,875 and \$250,000 is scheduled to be paid on the principal during the year.

The board estimates approved by the board are as follows: Board of directors, \$38,000; general administration, \$28,000; storage, \$15,000; diversion, \$240,000; water distribution, \$1,169,000; river protection, \$73,500; real estate and equipment, \$111,500; bonded and other indebtedness, \$1,044,900; drainage and miscellaneous, \$98,800.

'Ice Tongs Slay Iceman in Freak Street Accident

PASADENA, Nov. 21.—Struck by a 300-pound block of ice and impaled on his ice tongs, Chester Wheeler of Los Angeles, employed by the Victor Ray Ice Company, was killed today in a freak accident on the streets of Pasadena.

Wheeler was treated for his injuries today in the Pasadena Emergency Hospital.

He was standing on the tall gate of his delivery truck when he was struck by a sliding block of ice which caused him to fall on the tongs. Until workmen could extricate him, his body was suspended from one arm which was impaled by the prongs. The prongs pierced his upper right arm, one-eighth of an inch from the main artery.

NINETEENTH LEGION DISTRICT PLANS MEET

SOUTH GATE, Nov. 21.—The nineteenth district meeting of the American Legion will be held in the Evans hall here tomorrow night when several hundred Legionnaires from all sections of the county are expected to be in attendance. The program begins with a parade. The entertainment is being provided by the South Gate, Lynwood, Huntington Park, Bell, Maywood and Florin posts. Philip Dodson will be the principal speaker.

JUDGMENT OBTAINED IN AUTOMOBILE CRASH

SANTA ANA, Nov. 21.—Mrs. Esther Bamber of Los Angeles won a \$15,000 damage judgment against Wilfred M. Clark, San Diego bond broker, now in jail on a charge of grand theft, as the result of a jury verdict in Superior Judge Marks' court late yesterday. Mrs. Bamber had brought suit for \$15,000 because of injuries received in an automobile crash at Harding in September, 1927.

CAPITALIST'S WIFE DIES

Mrs. Albert Buttolph of Altadena, Formerly of Chicago, Succumbs to Heart Attack

ALTADENA, Nov. 21.—Mrs. Louise E. Buttolph, 71 years of age, of 1140 New York avenue, died last night at her home following a heart attack. She was the wife of Albert O. Buttolph, retired Chicago capitalist. A year ago, Mrs. and Mr. Buttolph celebrated their golden wedding anniversary.

She was a member of the Altadena Women's Circle and of the Pasadena Presbyterian Church, and had been a resident of this community for the last fifteen years.

Her husband was active for thirty-five years in Chicago business and club circles, having been identified

ILLITERATE MAN PREFERS RED INK

Burbank Laborer Spends Earnings for Articles to Make His Mark

BURBANK, Nov. 21.—Although he cannot read or write, the impulse to make his mark in the world—and furthermore to make it in red—is strong in the breast of "Alabama Jess" Gardner, 18-year-old transient, who was given work by City Manager Patterson here during the recent storm.

Today was pay day for "Alabama Jess," and he purchased a fountain pen, two red pencils, a jack knife, a pipe and a bottle of red ink. In answer to a question concerning the ink, Jess said:

"Aw, shucks, black ink don't make no showing. An' he believes in puttin' 'em in red."

FEATHER AND FUR SHOW SET

Gardens Exhibition for Chickens and Rabbits to Run Three Days

GARDENA, Nov. 21.—Exciting all expectations to continue the Gardena Valley fair and garden show is in readiness to open tomorrow, with more than 1000 professional and business exhibits. The show and exhibition occupy a tent at Redondo-Riverdale boulevard, handle avenue, and preparations have been made to carry on for three days of the show, rain or shine.

In the poultry department judges will include Capt. T. H. Broadhead, president of the Pacific Coast Cattle Club, who will judge the Cattle Club, and A. O. Goodrich of Gardena, Pritz Photo of Pasadena and J. W. Whitmer of Lynwood.

L. M. Williams is superintendent of the rabbit show, a feature of which is the fur fashion show, in charge of C. H. Wheeler of Colton. Prizes will be distributed in the queen contest which closes at the last day of the exhibition.

Hunters Laugh at Game Laws

RIVERSIDE, Nov. 21.—Following heated charges by Supervisor Johnson that hunters are laughing at the game laws the Board of Supervisors has written a letter to Riverside county justices urging them to impose the limit of the law on persons arrested for shooting game. According to Johnson, law-breaking hunters are being assessed fines too light to make an impression on them.

"This morning there was a carload of ducks in Banning heavily shot," the Supervisor asserted. "The other day I saw one man with a gun killed out of season. Ducks are being killed indiscriminately, and the justices are giving only \$25 fines, which are just a laughing matter to the hunters."

Representative Favors Tariff

POMONA, Nov. 21.—Typing a luncheon to Congressman Evans of Glendale yesterday at the Mountain Meadows Country Club, City Pomona Valley citrus growers from fourteen communities stressed to him the need for a continued high tariff on citrus fruits and citrus products if the citrus industry in California is to continue to prosper. Evans promised to do all in his power to maintain the tariff at the present level and even improve it if he could at the coming session of Congress, for which he leaves Sunday evening.

State Senator Taylor urged Evans to bring about a suitable tariff, possible on orange juice, which are now being imported free of duty from Mexico and other countries in direct competition with Southern by-products companies.

MANSFIELDIANS NAME HEADS

HUNTINGTON PARK, Nov. 21.—The Mansfield (O.) Society has elected Dr. Ralph Barrett of this city president, A. B. Oetzelman of Florence, vice-president; Mrs. I. D. Hoover of Monterey Park, secretary, and I. D. Hoover of Monterey Park, treasurer. Thomas Warrell of this city heads the committee on general arrangements for the golden wedding anniversary, which will be held in February in Raymond Grove, Los Angeles.

The image shows a dark, high-contrast scan of a book's binding or cover. It features a series of vertical lines and a textured surface, possibly indicating the spine or a hinge. The lighting is uneven, with a lighter vertical band running down the center, creating a sense of depth and highlighting the material's grain. The overall appearance is that of an old, worn leather or cloth binding.
